CLEANSERS

Omega-3 Hemp & Sweet Orange Face Wash

Skin Type: All pH 6

Product Description: Citrusy, sweet, reminiscent of orange peels. Tough on dirt and daily grime, yet mild enough as a face wash for children. Hemp Oil contains natural vitamins, minerals, essential fatty acids and the benefits of Omega 3 and 6...typically available only from fish. Formulated with mild vegetable based cleansers, botanical extracts and a high level of aloe to assist in alleviating irritation and providing water-based moisture. You'll notice softer skin!

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Wet hands, face and neck; gently massage a small amount of cleanser onto face and neck. Cleanse 2-3 minutes, add more water if needed. Rinse thoroughly and follow with toner and protective treatment.

Product Ingredients: Organic Aloe Gel*, Sodium Cocoamphoacetate (Coconut Oil)*, Alkyl Polyglucosides (Corn Starch), Cannabis Sativa Seed Oil*, Cocomidopropyl Betaine (Coconut Oil)*, Sodium Chloride, Vegetable Glycerine*, Chamomilla Recutita (Matricaria) Flower Extract* (Chamomile), Salix Alba (White Willow) Bark Extract*, Citrus Aurantium Dulcis (Orange) Fruit Extract*.

Ingredient Highlights

Hemp Oil: This oil is one of the richest sources of polyunsaturated fats known to mankind. This includes both essential fatty acids (Omega 3 and Omega 6) and GLA (gamma linolenic acid), which make it an excellent natural emollient and moisturizer. It is 57% linoleic and 19% linoleic acids. Hemp is a wonderful oil for dry or mature skin since it is said to help stimulate cell growth. It has high levels of essential fatty acids, including linolenic acid. Natural hemp seed oil is dark green and has a nutty rich scent. Body care products containing hemp seed oil may help reduce skin discomfort by soothing & restoring dry/damaged skin. Regular use of hemp seed oil on the skin may help slow down the effects of skin aging and leave the skin soft, smooth and moisturized.

Sweet Orange: Sweet orange oil contains flavonoids and vitamins A, B, C and E. In skin preparations, orange oil reduces puffiness and discourages dry, wrinkled skin. The peel is used as a natural exfoliator and both the oil and the peel are used to stimulate circulation, and clear blemishes.

White Willow: Rich in phenolic compounds and salicin (glycoside of salicyl alcohol). Its constituents are salicylic glycosides and tannins, which contribute to its analgesic properties. A natural form of salicylic acid, a beta hydroxy acid widely used as an exfoliant and to keep pores clean of debris.

CLEANSERS

Green Tea Purifying Face Wash

Skin Type: Oily pH 6

Product Description: Deeply cleansing with antibacterial lime extract for oily skin. An invisible matrix is created in our gel that actually suspends active botanicals like it's in an "anti-gravity" state. It offers good foaming properties and is mild to the skin with our exclusive Japanese Green Tea. Reported to fight damage from excessive sun and environmental damage. This ancient Asian plant has ability to prevent free radicals from damaging cell structure further.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Wet hands, face and neck; gently massage a small amount of cleanser onto face and neck. Cleanse 2-3 minutes, add more water if needed. Rinse thoroughly and follow with toner and protective treatment.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Alkyl Polyglucosides (Corn Starch), Cocamidopropyl Betaine (Coconut Oil)*, Sodium Cocoamphacetate (Coconut Oil)*, Acrylates Copolymer, Camellia Sinensis (Japanese Green Tea) Leaf Extract*, Vegetable Glycerin*, Triethanolamine, Essential Oils* of Cedarwood, Geranium, Lemon, Lime, Juniper Berry, Lemongrass.

Ingredient Highlights

Lemon: Lemon pure essential oil has the wonderful characteristic scent of freshly peeled lemon rind. When used in cellulite treatments, lemon essential oil acts as a depurative and lymphatic stimulant, draining tissues of excess fluids and toxins. When added to skin care and cosmetic treatments, use is made of its anti-bacterial, astringent and cell-regenerative properties.

Orange: Used in bath teas, masks and scrubs for exfoliation and natural scent. One of the best acne remedies. It may also have applications as a topical anti-fungal agent.

Green Tea: Green tea is often included in anti-aging skincare products for its antioxidant properties. It has three major benefits – that being a powerful antioxidant and thereby reducing free radical damage in the skin, a potent anti-inflammatory agent thereby reducing inflammation in the skin, and most importantly having an inhibitory action on collagenase (an enzymatic action in the skin where the collagen is broken down), resulting in more firm and elastic skin. The vitamin P properties and the tannins in its chemical composition give it astringent properties. It protects the skin, and later brings about vasoconstriction, reducing inflammation in the affected area.

Acrylates Copolymer: absorbs skin secretions to reduce skin shine. Provides time release to other active ingredients.

*organic, wild crafted and sustainable sources. carbon balanced.

CLEANSERS

Wheat Protein Face Milk

Skin Type: Dry/Mature pH 6.8

Product Description: A gentle cleanser with great conditioning properties of a slightly foaming lotion. Our infusion has proteins and amino acids that are easily absorbed into the skin. A hydrating complex, offering a combination of moisture-balancing and film-forming properties which imparts a soothing feeling. The mild foaming action is derived from sources like corn, coconut and sugar beets in a creamy consistency. Includes Chamomile, Aloe, Cucumber and Japanese Green Tea extracts, each used to soothe, tighten and act as an anti-oxidant on the skin.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Apply small amount of cleanser to dry skin. Massage, adding water, until cleanser has reached a liquid consistency. Rinse thoroughly.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Sodium Cocoamphoacetate (Coconut Oil)*, Decyl Glucoside (plant sources)*, Sucrose Cocoate (sugar base)*, Cocamide MIPA, Glyceryl MonoStearate*, Quaternized Wheat Protein*, Chamomile Recutita (Matricaria) Flower Extract* (Chamomile),

Ingredient Highlights

Cucumber: An anti-inflammatory that helps reduce heat and inflammation. It is cooling, and cleansing, and has an extremely soothing effect on the skin. Also contains amino acids and minerals that help firm and regenerate.

Wheat Protein: Proteins are the fundamental components of all living cells and include a diverse range of biological substances, such as enzymes, hormones, and antibodies, that are necessary for the proper functioning of any organism, plant or animal. The human body contains perhaps 100,000 different proteins, each composed of an assortment of 20 or so amino acids. The sequence of these amino acids determines the unique properties of each protein, such as, for example, its role as an enzyme acting as a catalyst for a specific biochemical reaction. If even one of the essential amino acids is missing, the protein cannot be formed.

Chamomile: Chamomile tea, brewed from dried flower heads, has been used traditionally for medicinal purposes. The main constituents of the flowers include phenolic compounds, primarily the flavonoids apigenin, quercetin, patuletin, luteolin, and their glucosides. The principal components of the essential oil extracted from the flowers are the terpenoids α -bisabolol and its oxides and azulenes, including chamazulene. Chamomile has moderate antioxidant and antimicrobial activities.

Decyl Glucoside (plant sources)*: mild foaming agent from vegetables. Sucrose Cocoate: Sugar based emulsifying agent with soothing and anti-irritant qualities. Glyceryl MonoStearate: Vegetable emulsifier. Emulsifying Wax NF: pharmaceutical grade wax that does not clog pores.

*organic, wild crafted and sustainable sources. carbon balanced.

CLEANSERS

Cucumber AntiOxidant Face Wash

Skin Type: All pH 6.8

Product Description: Naturally astringent cucumber helps tighten pores. Imparts a soothing feeling while naturally cleansing with natural corn, coconut and sugar beets and emulsified to a creamy consistency. Our gentle cleanser is perfect for sensitive skin and acts as an anti-inflammatory, an excellent skin-soother and skin conditioner.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Apply small amount of cleanser to dry skin. Massage, adding water, until cleanser has reached a liquid consistency. Rinse thoroughly.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Sodium Cocoamphoacetate (Coconut Oil)*, Decyl Glucoside (plant sources)*, Sucrose Cocoate (sugar base)*, Cocamide MIPA, Glyceryl MonoStearate*, Chamomile Recutita (Matricaria) Flower Extract* (Chamomile),

Ingredient Highlights

Cucumber: An anti-inflammatory that helps reduce heat and inflammation. It is cooling, and cleansing, and has an extremely soothing effect on the skin. Also contains amino acids and minerals that help firm and regenerate.

Aloa Vera: Derived from pure aloe leaf. Soothing, heals wounds, stops bleeding, relieves insect bites and is especially effective for burns. The active ingredients have been found to heal and regenerate skin. In skin care products it leaves a thin film that acts as a barrier to protect the skin. This works as a barrier to keep body fluids from escaping. Aloe vera improves hydration with its natural moisturizing factor and is good for all skin types. Aloe vera is composed of water, the enzymes catalase and cellulose, minerals, calcium, aluminum, iron, zinc, magnesium, sodium, 20 amino acids and carbohydrates. True aloe vera is watery and thin.

Green Tea: Green tea is often included in anti-aging skincare products for its antioxidant properties. It has three major benefits – that being a powerful antioxidant and thereby reducing free radical damage in the skin.

CLEANSERS

Fruit+Glycolic Fresh Wash

Skin Type: All except Sensitive pH 5

Product Description: Reduces the appearance of fine lines and wrinkles, creating firmer, youthful-looking skin. This cleanser contains alpha hydroxy acid (Glycolic at 12%) and antiinflammatory agents to exfoliate, remove excess oil and damaged skin, promoting new skin cell production and collagen formation, leaving a healthy, youthful glow. Formulated for normal, oily and dry skin, use of our Glycolic Face Wash leaves the skin feeling supple and toned.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Apply small amount of cleanser to dry skin. Massage, adding water, until cleanser has reached a liquid consistency. Rinse thoroughly. Keep out of eyes.

Product Ingredients: Aloe Barbadensis Extract*, Citrullus Vulgaris (Watermelon) Fruit Extract*, Rosa Canina (Rosehips) Fruit Extract*, Triticum Vulgare (Wheat) Germ Extract*, Camellia Sinensis (Green Tea) Leaf Extract**, Ginko Biloba Leaf Extract*, Sodium Lauryl Sulfoacetate, Disodium Laureth Sulfosuccinate, Glycolic Acid*, Cocoamidopropyl Betaine (Coconut Oil Salts)*, Polysorbate 80, Sodium Lactate, Quaternium-79 Hydrolyzed Soy Protein*, Glycerin*, PEG-150 Pentaerythrityl Tetrastearate, Panthenol (B5)*, Tocopherol Acetate (Vitamin E)*, Allantoin (Comfrey Root)*, Essential Oils* of Cedarwood, Rosewood, Sage, Myrrh, Palmarosa, Blue Cypress, Patchouli, Moroccan Rose, German Chamomile, precious Neroli, Sodium Hydroxymethylglycinate.

Ingredient Highlights

Watermelon Fruit Extract (Citrullus Vulgaris): Soothing, calming and hydrating complex.

Sodium lauryl sulfoacetate: Derived from coconut and palm oils; a safe, skin-friendly surfactant (foaming agent) for both skin and hair. This mild plant derived surfactant creates a rich, luxurious lather that effectively removes surface oil, dirt and bacteria, without stripping or drying sensitive skin. Sodium Lauryl Sulfoacetate is also hydrophilic. This means it is attracted to water, which enables it to dissolve more readily in water, thus providing superior rinseability.

Rosehips: The fruit of the rose bush, high in Vitamin C, soothing, moisturizing, and hydrating to the skin. May help protect against capillary damage and firm the tissues.

*organic, wild crafted and sustainable sources. carbon balanced.

CLEANSERS

Red Wine Cleanser de Cabernet

Skin Type: All pH 5

Product Description: Red wine extract is great for protecting skin from damage with the antioxidant power of tannins, polyphenols and other substances to neutralize free radicals. Imparts a soothing feeling while naturally cleansing with natural corn, coconut and sugar beets emulsified to a creamy consistency. Removes makeup while enhancing the skins tone and texture.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Apply small amount of cleanser to wet or dry skin. Massage, adding water, until cleanser has reached a liquid consistency. Rinse thoroughly.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Organic Red Wine Extract*, Sodium Cocoamphoacetate (Coconut Oil)*, Decyl Glucoside (plant sources)*, Sucrose Cocoate (sugar base)*, Cocamide MIPA, Glyceryl MonoStearate*, Chamomile Recutita (Matricaria) Flower Extract* (Chamomile),

Ingredient Highlights

Organic Red Wine Extract: Our red wine is rich in various types of antioxidants that prevent and protect against disease. It also contains polyphenols which have a positive impact on the body's vascular system, and stimulates the immune system to be more antiviral & antibacterial.

Grape: Used in extract form, it is described as tonic, with anti-inflammatory, redness-reducing, and decongestant properties. It is also an antioxidant. All of these traits make it particularly beneficial in antiaging, after-sun and other suncare products. Grape's main constituent is a high proportion of berberin, with oxycanthin also present. Grapes contain vitamin C, chlorophyll, and enzymes.

Grape Seed Extract: Considered a counterirritant with soothing, antioxidant and antibacterial properties. Grapeseed extract contains polyphenols and high levels of procyanidins (they support blood vessel health).

*organic, wild crafted and sustainable sources. carbon balanced.

CLEANSERS

Citrus Salicylic Wash with Glycolic & Lactic

Skin Type: All except Sensitive pH 3.4

Product Description: Anti Aging and Anti Acne! Reducing the appearance of fine lines and wrinkles, creating firmer, youthful - looking skin, while also refining the pores for a clear, smooth, glowing complexion. This cleanser contains alpha hydroxy acids (Glycolic at 12% and Lactic at 4%) to re-new and rejuvenate, along with beta hydroxy acid (Salicylic at the active level 2%) to cleanse and refine, with antiinflammatory agents to sooth and prevent irritation while removing excess oil and damaged skin, promoting new skin cell production and collagen formation for a healthy, radiant glow.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Diections: Apply small amount of cleanser to dry skin. Massage, adding water, until cleanser has reached a liquid consistency. Rinse thoroughly. Keep out of eyes.

Product Ingredients: Aloe barbadensis (Aloe Vera) Leaf Juice*, Vegetable Glycerin*, Citrullus vulgaris (Watermelon) Fruit Extract*, Rosa canina (Rosehips) Fruit Extract*, Triticum vulgare (Wheat) Germ Extract*, Camellia sinensis (Green Tea) Leaf Extract*, Ginko biloba Leaf Extract*, Sodium Lauryl Sulfoacetate, Disodium Laureth Sulfosuccinate, Cocoamidopropyl Betaine, Glycolic Acid, Lactic Acid, Hydrolyzed Milk Protein, PEG-150 Pentaerythryl Tetrastearate, Panthenol (ProVitamin B5), Salicylic Acid, Mixed Tocotrienols (Vitamin E), Allantoin, Sodiumhydroxymethylglycinate. Active Ingredient: Salicylic Acid 2.0%

Ingredient Highlights

Salicylic Acid is a Beta Hydroxy Acid, which is very different from the exfoliation of the alpha hydroxy acids. Instead of being small they are large and get deep into the pores to disolve the build up that leads to problem skin and inflammatory acne.

Watermelon Fruit Extract (Citrullus Vulgaris): Soothing, calming and hydrating complex.

Aloa Vera: Derived from pure aloe leaf. Soothing, heals wounds, stops bleeding, relieves insect bites and is especially effective for burns. The active ingredients have been found to heal and regenerate skin.

*organic, wild crafted and sustainable sources. carbon balanced.

TONERS/AFTERWASH

Citrus Explosion Afterwash

Skin Type: Oily/Combo pH 4.5

Product Description: Splash some life into your complexion with a refreshing blend of citrus! Botanicals, extracts, marine minerals and protein will improve skin moisture balance and promote firmness. Includes Aloe Vera, Chamomile, Cucumber Extract and Japanese Green Tea which assist in rejuvenating the skin. Wheat protein and marine minerals containing Selenium, Magnesium, Copper, Zinc, Calcium and Germanium round out the essential needs for a glowing complexion.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: After cleansing, apply toner with cotton pad to remove residue from cleanser, makeup or hard water. Follow with appropriate protective treatment for skin type.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Glycerine, Tamarindus Indica Seed Extract** (Tamarind), Cucumis Sativus* (Cucumber) Fruit Extract, Chamomile Recutita (Matricaria) Flower Extract* (Chamomile),

Ingredient Highlights

Selenium: Mineral considered to be a potent antioxidant

Zinc: There is growing evidence that zinc can be a significant anti-irritant and antioxidant. It also can have anti-acne benefits when combined with a topical antibiotic such as erythromycin. Taken orally, zinc may have positive effects for wound healing and other health benefits

Copper is an important trace element for human nutrition. The body needs copper to absorb and utilize iron, and copper is also a component of the powerful antioxidant enzyme superoxide dismutase. Copper supplements have been shown to increase superoxide dismutase levels in humans. The synthesis of collagen and elastin is in part related to the presence of copper in the body, and copper is also important for many other processes. For example, there is research showing that copper is effective for wound healing and as an antioxidant.

TONERS/AFTERWASH

Chamomile Balancing Afterwash

Skin Type: All pH 5

Product Description: This superior toner has Tamarind Seed Extract; a natural film forming polysaccharide, that has moisturizing effectiveness equal to Hyaluronic Acid. Includes Chamomile to soothe irritated and problematic skin and as flavonoids that can diminish skin blemishes and assists in healing.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: After cleansing, apply toner with cotton pad to remove residue from cleanser, makeup or hard water. Follow with appropriate protective treatment for skin type.

Product Ingredients: Organic , Glycerine, Tamarindus Indica Seed Extract** (Tamarind), Cucumis Sativus* (Cucumber) Fruit Extract, Chamomile Recutita (Matricaria) Flower Extract* (Chamomile), , Camellia Sinensis (Japanese Green Tea) Leaf Extract*, Quaternized Wheat Protein*, Saccharomyces / Sea Salt Ferment (Biomin), Allantoin (Comfrey Root)*, Polysorbate 20, Citrus Grandis* (Grapefruit Seed Extract).

Ingredient Highlights

Tamarind: It is antiseptic, used in eye-baths and for the treatment of ulcers. Being highly acidic, it is a refrigerant (cooling in the heat) and febrifuge (for fighting fevers).

Flavonoids: Vitamin P complex. Citrus-flavoured compounds important for maintaining healthy blood vessels walls. Widely distributed in plants, especially citrus fruits and rose hips.

Chamomile: Chamomile tea, brewed from dried flower heads, has been used traditionally for medicinal purposes. The main constituents of the flowers include phenolic compounds, primarily the flavonoids apigenin, quercetin, patuletin, luteolin, and their glucosides. The principal components of the essential oil extracted from the flowers are the terpenoids α -bisabolol and its oxides and azulenes, including chamazulene. Chamomile has moderate antioxidant and antimicrobial activities.

TONERS/AFTERWASH

Zinc Afterwash with Glycolic

Skin Type: Oily/Combo pH 5

Product Description: An alcohol free skin toner just for oily, acne or blemished skin! Using Zinc PSA to prevent serious oil from developing beneath the skin where it can cause acne. Why Zinc PCA? It is an anti bacterial, infection fighting amino acid that is derived from zinc. Remember that over 21% of your skin is made up of zinc! This ingredient effects the skin to control the oil production.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: After cleansing, apply toner with cotton pad to remove residue from cleanser, makeup or hard water. Follow with appropriate protective treatment for skin type.

Product Ingredients: Water, Glycolic Acid*, Witch Hazel Distillate*, Oat Extract*, Hyaluronic Acid*, Extracts* of Nettle, Melissa, Elderflower, Cleavers, Plantain, Rose Distillate, Sunflower Seed Extract*, Zinc PCA (Amino Acid Derivative).

Ingredient Highlights

Cleavers: A common hedgerow weed that is a wonderful cleansing remedy, clearing toxins from the system and reducing heat and , inflammation. Cleavers has a diuretic action, aiding elimination of wastes, and also acts to enhance the lymphatic system, promoting lymphatic drainage of toxins and wastes so that they can be excreted via the urinary system. These actions combine to make cleavers excellent for fluid retention, skin problems including eczema, psoriasis and acne.

Nettle: Known for the cleansing and antiseptic properties.

Zinc PCA: Zinc compounds have been reported to be effective as sebum inhibitors, odour absorbers, and so on. We have recently shown that zinc PCA can produce these effects and also inhibit AP-1 – a promoter of collagenase production, which is responsible for the appearance of skin wrinkles.

*organic, wild crafted and sustainable sources. carbon balanced.

TONERS/AFTERWASH

Red Wine and Glycolic AntiOxidant Toner

Skin Type: All except Sensitive pH 5

Product Description: Sweep away tap water impurities while protecting skin from damage with red wine extract - antioxidant power of tannins, polyphenols and other substances in red wine neutralize free radicals. Fruit acids are naturally occurring and they are found in a variety of fruits, such as grapes, apples and sugar cane. Use of glycolic products will improve oily and acne prone skin and decrease the appearance of fine lines and wrinkles.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: After cleansing, apply toner with cotton pad to remove residue from cleanser, makeup or hard water. Follow with appropriate protective treatment for skin type. Keep out of your eyes.

Product Ingredients: Water, Organic Red Wine Extract*, Glycolic Acid*, Witch Hazel Distillate*, Oat Extract*, Hyaluronic Acid*, Extracts* of Nettle, Melissa, Elderflower, Cleavers, Plantain, Rose Distillate, Sunflower Seed Extract*, Zinc PCA (Amino Acid Derivative).

Ingredient Highlights

Organic Red Wine Extract: Our red wine is rich in various types of antioxidants that prevent and protect against disease. It also contains polyphenols which have a positive impact on the body's vascular system, and stimulates the immune system to be more antiviral & antibacterial.

Grape: Used in extract form, it is described as tonic, with anti-inflammatory, redness-reducing, and decongestant properties. It is also an antioxidant. All of these traits make it particularly beneficial in antiaging, after-sun and other suncare products. Grape's main constituent is a high proportion of berberin, with oxycanthin also present. Grapes contain vitamin C, chlorophyll, and enzymes.

TONERS/AFTERWASH

Topical C Afterwash

Skin Type: All pH 5

Product Description: Tamarind Seed Extract and Botanical Extracts strengthen skin's natural defense system while natural moisture factors gently condition and hydrate skin. Our Vitamin C Toner re-establishes normal pH level so skin is receptive to treatment and gives environmentally stressed skin a refreshing, hydrating lift any time of day.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: After cleansing, apply toner with cotton pad to remove residue from cleanser, makeup or hard water. Follow with appropriate protective treatment for skin type.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Glycerine, Tamarindus Indica Seed Extract* (Tamarind), Cucumis Sativus* (Cucumber) Fruit Extract, Chamomile Recutita (Matricaria) Flower Extract* (Chamomile),

Ingredient Highlights

Tamarind: It is antiseptic, used in eye-baths and for the treatment of ulcers. Being highly acidic, it is a refrigerant (cooling in the heat) and febrifuge (for fighting fevers).

Wheat Protein: Proteins are the fundamental components of all living cells and include a diverse range of biological substances, such as enzymes, hormones, and antibodies, that are necessary for the proper functioning of any organism, plant or animal.

Vitamin C: A potent anti-oxidant that may play an essential role in building collagen, the connective tissue that holds us together. Found in citrus fruits. Because of its acidic nature, it also helps improve tone and texture by removing dead skin cells.

*organic, wild crafted and sustainable sources. carbon balanced.

TONERS/AFTERWASH

Sweet Rosemary Shine Contol Afterwash

Skin Type: Oily/Combo

Product Description: Our Rosemary Afterwash is spring processed for its sweetness. An instant uplift to your mood when sprayed and inhaled. Rosemary Hydrosol is best suited to oily/combination skin types with a soothing feel and the ability to control daily oil production without the typical alcohol or witch hazel that can over dry skin.

Retail Size: 8 oz Spray

Professional Size: 16 oz Pump

Product Diections: After cleansing, apply toner with cotton pad to remove residue from cleanser, makeup or hard water. Follow with appropriate protective treatment for skin type.

Product Ingredients: Rosmarinus officinalis (Rosemary) Leaf Distillate, Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Glycerine, Tamarindus Indica Seed Extract** (Tamarind), Cucumis Sativus* (Cucumber) Fruit Extract, Chamomile Recutita (Matricaria) Flower Extract* (Chamomile),

Ingredient Highlights

Rosemay Hydrosol: Best suited to oily/combination skin types with a soothing feel and the ability to control daily oil production.

Wheat Protien: Proteins are the fundamental components of all living cells and include a diverse range of biological substances, such as enzymes, hormones, and antibodies, that are necessary for the proper functioning of any organism, plant or animal.

Tamarind seeds: The paste extracted from the fruits of the sub-tropical leguminous tree (Tamarindus indica) has been widely used in herbal medicine and as a foodstuff for centuries. Recognized for stimulation of skin repair, it also assists in environmental skin protection and for premature ageing of the skin. Tthe moisturizing ability of the tamarind has shown to be equal to Hyaluronic Acid in effectiveness...and is plant based.

*organic, wild crafted and sustainable sources. carbon balanced.

SKIN RENEWING EXFOLIANTS

Green Tea Exfoliant

Skin Type: All except Sensitive pH 6.8

Product Description: Small grains are added to our Hemp Oil infusion to gently bring newer skin to the surface to remove imperfections and fine lines. We infuse the skin with natural oils. High in antioxidants to protect skin from environmental issues.

Retail Size: 4 oz Jar

Professional Size: 16 oz Jar

Product Directions: Apply to skin and gently massage in circular motions, avoiding eye area and rinse thoroughly. Use 1-2 times per week or as needed.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aluminum Silica (Bauxite), Glycerol MonoStearate*, Butyrospermum Parkii* (Shea Butter), Persea Gratissima (Avocado) Oil*, Vitis Vinifera (Grapeseed) Oil*, Camellia Sinensis (Green Tea) Leaf Extract*, Simmondsia Chinensis (Jojoba) Oil*, Cannabis Sativa (Hemp) Seed Oil*, Caprylic/Capric Triglycerides (Coconut Oil*), Vegetable Glycerine*, Stearic Acid (Vegan)*, Tocopherol (Vitamin E), Cetyl Alcohol (Palm Oil)*.

Ingredient Highlights

Jojoba Oil: In reality jojoba oil is not an oil but a liquid wax. Because it's composed of wax esters, it is extremely stable. Works as an effective cleanser, conditioner, moisturizer and softener for the skin and hair. It can be applied directly to the skin to soften the skin, reduce wrinkles and stretch marks, lighten and help heal scars, and promote healthy scalp and hair. The structure of jojoba oil closely resembles that of your own skin sebum, the natural coating our body produces to protect the skin and keep it supple. Our skin loses sebum with age, sun, wind, cold and the environment. Jojoba contains protein, minerals and a waxy substance that mimics collagen. If your skin has an over production of sebum, jojoba oil will dissolve clogged pores and restore the skin to its natural pH balance. The reason jojoba oil works so well is that it actually penetrates the skin easily, because it is accepted as sebum.

Shea Butter: (Butyrospermum Parkii) The natural fat obtained from the fruit of the Karite tree helps protect the skin from dehydration and other climatic influences. It also restores skin suppleness, increases moisturization, improves elasticity retention, assists cellular regeneration, and can improve the appearance of dry, irritated skin. Rich in essential fatty acids and vitamins A and E, shea butter heals, soothes, and protects the skin from environmental damage. Safe for even sensitive, fragile skin, it is a superb, easily-absorbed emollient. Shea butter has a high content of unsaponifiable and cinnamic esters, which have antimicrobial and moisturizing properties and provide protection from the UV rays of the sun. These unsaponifiables (plant steroids or sterolins) soften the skin, have superior moisturizing effect on the upper layer of the skin, and can reduce scars.

Hemp Oil: This oil is one of the richest sources of polyunsaturated fats known to mankind. This includes both essential fatty acids (Omega 3 and Omega 6) and GLA (gamma linolenic acid), which make it an excellent natural emollient and moisturizer. It is 57% linoleic and 19% linolenic acids. Hemp is a wonderful oil for dry or mature skin since it is said to help stimulate cell growth. It has high levels of essential fatty acids, including linolenic acid. Natural hemp seed oil is dark green and has a nutty rich scent. Body care products containing hemp seed oil may help reduce skin discomfort by soothing & restoring dry/damaged skin. Regular use of hemp seed oil on the skin may help slow down the effects of skin aging and leave the skin soft, smooth and moisturized.

*organic, wild crafted and sustainable sources. carbon balanced.

SKIN RENEWING EXFOLIANTS

Moisture Infusion Exfoliant Cream

Skin Type: Dry, except overly sensitive pH 6.8

Product Description: Removes the old layer of skin by polishing or acting as an abrasive, to remove imperfections and fine lines. We nourish new skin by also adding jojoba and meadowfoam oils. Skin emerges softer, smoother and clearer.

Retail Size: 4 oz Jar

Professional Size: 16 oz Jar

Product Directions: Apply to skin and gently massage in circular motions, avoiding eye area. Let sit for 1-2 minutes, massage briefly again and rinse thoroughly. Use 1-2 times per week or as needed.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aluminum Silica (Bauxite), Glycerol MonoStearate*, Butyrospermum Parkii* (Shea Butter), Persea Gratissima (Avocado) Oil*, Vitis Vinifera (Grapeseed) Oil*, Simmondsia Chinensis (Jojoba) Oil*, Cannabis Sativa (Hemp) Seed Oil*, Caprylic/Capric Triglycerides (Coconut Oil*), Vegetable Glycerine*, Stearic Acid (Vegan)*, Tocopherol (Vitamin E), Cetyl Alcohol (Palm Oil)*.

Ingredient Highlights

Carrot Seed Oil: Carrot seed pure essential oil should not be confused with carrot tissue oil. The essential oil is steam distilled from the seeds of the carrot plant and has extensive and amazing skin enhancing properties, mostly for its high content of natural vitamin A and carotenes. By stimulating skin circulation, carrot seed essential oil improves elasticity and tone, repairs damaged tissues and combats the formation of wrinkles and scars. It also acts to cleanse and drain skin tissues of excess toxins and fluids.

Rosewood Essential Oil: Fragrant oil derived from Aniba Rosaedodora. Provides antibacterial and moisture binding properties.

Palmarosa: (Geranium Maculatum) Obtained by steam distillation from the entire plant, the geranium oil's botanical properties are described as refreshing, anti-irritant, mildly tonic, and astringent. Its beneficial skin care and cosmetic properties are numerous and powerful: cell regeneration, tissue repair, toning of skin tissue, oil and sebum regulation. It is astringent and antiseptic, and makes an excellent skin care treatment for acne, eczema and other skin inflammations, balances oils and dry skin, and works wonderfully to reduce cellulite deposits.

*organic, wild crafted and sustainable sources. carbon balanced.

SKIN RENEWING EXFOLIANTS

Pomegranate AntiOxidant Exfoliating Face Wash

Skin Type: All pH 6

Product Description: A foaming exfoliant wash. Pomegranate is said to be incredibly rich in anti-oxidants due to its polyphenol content and to act as an anti-inflammatory. Great after feel with a rejuvenating effect. Natural based surfactants free of Sodium Lauryl Sulphate. Sweet smelling Blood Orange contains about 130 percent of the recommended amounts of Vitamin C and works great on the skin. The lava is from the Auvergne region of France, where more than 80 volcanoes erupted between 100,000 and 7,000 years ago. The beautiful scenery of Europe was carved from these volcanoes and explains the natural mineral springs – famous for healing spa's and bottled water. This lava is basalt, containing silica, magnesium, calcium, titanium and sodium.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Use one to two times a week. After cleansing, apply small amount of product and rotate over skin with fingertips using very light pressure, taking care not to overstimulate the skin. Use caution when rinsing to avoid getting product in the eyes.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Pomegranate Fruit*, Acai Berry*, Decyl Polyglucoside, Cocamidopropyl Betaine, Disodium Cocoamphodiacetate, Acrylates Copolymer, Lava Powder, Glycerin (Vegetable),

Ingredient Highlights

Pomegranate: Extract that contains ellagic acid, and is considered effective as an anticarcinogen and antioxidant.

Blood Orange: Blood oranges are a good source of Vitamin C. The fruit's red pigment, anthocyanin, is an antioxidant that reduces the risks associated with many ailments, including age-related illnesses. Blood oranges contain about 130 percent of the recommended amounts of Vitamin C

Vitamin C: A potent anti-oxidant that may play an essential role in building collagen, the connective tissue that holds us together. Found in citrus fruits. Because of its acidic nature, it also helps improve tone and texture by removing dead skin cells and diminish the appearance of fine lines and wrinkles.

*organic, wild crafted and sustainable sources. carbon balanced.

SKIN RENEWING EXFOLIANTS

Pumpkin Power Exfoliant

Skin Type: All pH 5

Product Description: Effective exfoliation treatment to improve clarity and texture of all skin types, diminish appearance of fine lines, hydrate and reveal dewy skin with gentle skin renewing apple, bilberry, lemon peel, orange peel and papaya extracts.

Retail Size: 4 oz Jar

Professional Size: 16 oz Jar

Product Directions: Apply a moderate layer of product over cleansed face and neck, avoiding eye area. Leave on for 10 minutes. Remove thoroughly with cool water, massaging in circular motions.

Product Ingredients: Cucurbita Pepo (pumpkin) Pulp*, Water, Helianthus Annuus (Sunflower) Seed Oil**, Persea Gratissima (Avocado) Oil*, Bromelain, Papain, Asafetida Extract, Yeast Extract* (plant pseudocollagen), Salix Nigra (willow) Bark Extract*, calendula officinalis (calendula) flower extract, Camellia Sinensis (Green Tea) Leaf Extract*, Lavandula Angustifolia (lavender) Flower Extract*, Daucus Carota Sativa (carrot) Root Extract**, Tocopheryl Acetate (Vitamin E Acetate), Citrus Aurantium Dulcis (orange) Peel Oil* and Olibanum (frankincense) Oil*.

Ingredient Highlights

Orange Peel Powder: Used in bath teas, masks and scrubs for exfoliation and natural scent. One of the best acne remedies. It may also have applications as a topical anti-fungal agent.

Papaya/Papain: This fruit is used in our formulations when it contains the highest content of "papain". As the fruit matures this powerful enzyme decreases. To protect this "active" enzyme a low heat extraction must be maintained. It is an excellent free-radical scavenger and cellular renewal ingredient with the ability to digest protein (exfoliates), selecting only dead cells without harming the living ones.

Pumpkin: Enzymes in the whole "pumpkin", including the seeds, exfoliate dead skin cells while promoting skin repair. It cleanses, conditions, and moisturizes while helping to firm the skin. Pumpkin is an excellent source of anti-oxidants, vitamins and essential elements the skin needs.

*organic, wild crafted and sustainable sources. carbon balanced.

SKIN RENEWING EXFOLIANTS

Organic Banana Dream Exfoliating Purée

Skin Type: All pH 5

Product Description: Banana is rich in Minerals and Antioxidants, helps soften the skin and maintain the perfect moisture level. Pineapple and Papaya Enzymes gently remove dry, dull skin. Each exquisite treatment will leave your skin feeling not only brighter, but softer. Smells amazing!

Retail Size: 4 oz Jar

Professional Size: 16 oz Jar

Product Directions: Apply a moderate layer of product over cleansed face and neck, avoiding eye area. Leave on for 10 minutes. Remove thoroughly with cool water, massaging in circular motions.

Product Ingredients: Musa Sapientum (banana) Fruit Puree*, Salicylic Acid*, Vitis Vinifera (grape skin) Extract*, Pyrus Malus (Apple) Fruit Extract*, Vaccinium Myrtillus (Bilberry)*, Orange Peel, Papain from Mountain Papaya* (Vasconcellea cundinamarcensis), Camellia Sinensis (green tea) Extract*, Citrus Medica Limonum (lemon) Essential Oil*, Sweet Orange Essential Oil*, Daucus Carota Sativa (carrot) Root Extract*, Lactic Acid.

Ingredient Highlights

Orange Peel Powder: Used in bath teas, masks and scrubs for exfoliation and natural scent. One of the best acne remedies. It may also have applications as a topical anti-fungal agent.

Topical application of Carrot oil is said by many skincare experts to promote the formation of new cells and stimulate the production of sebum in dry, scaly skin and scalp. Some authorities state that Carrot Root Extract is such a powerful anti-oxidant that it can help preserve the life of products containing it. It is also recommended by some to help prevent sun damage. Just a few drops of this enriching extract brings soothing to chapped and irritated skin. A must in formulas for aging or weathered skin.

Papaya/Papain: This fruit is used in our formulations when it contains the highest content of "papain". As the fruit matures this powerful enzyme decreases. To protect this "active" enzyme a low heat extraction must be maintained. It is an excellent free-radical scavenger and cellular renewal ingredient with the ability to digest protein (exfoliates), selecting only dead cells without harming the living ones.

SKIN RENEWING EXFOLIANTS

Red Wine Polish de Cabernet

Skin Type: Normal/Tired/Dry/Mature pH 6.8

Product Description: An amazing red wine and berry polish that can be used as a scrub or as mask. Fine grains buff away dead skin cells. Grapes, grape seeds, wine extracts and the highest concentrations of organic active ingredients makes this product delightfully rich.

Retail Size:

Professional Size:

Product Directions: Apply to skin and gently massage in circular motions, avoiding eye area and rinse thoroughly. Can be left on as a mask too. Use 1-2 times per week or as needed.

Product Ingredients: Cucurbita Pepo (pumpkin) Pulp, Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Organic Red Wine Extract*, Aluminum Silica (Bauxite), Glyceryl MonoStearate*, Butyrospermum Parkii* (Shea Butter), Persea Gratissima (Avocado) Oil*, Vitis Vinifera (Grapeseed) Oil*, Camellia Sinensis (Green Tea) Leaf Extract*, Simmondsia Chinensis (Jojoba) Oil*, Cannabis Sativa (Hemp) Seed Oil*, Caprylic/Capric Triglycerides (Coconut Oil*), Vegetable Glycerine*, Stearic Acid (Vegan)*, Tocopherol (Vitamin E), Cetyl Alcohol (Palm Oil)*.

Ingredient Highlights

Organic Red Wine Extract: Our red wine is rich in various types of antioxidants that prevent and protect against disease. It also contains polyphenols which have a positive impact on the body's vascular system, and stimulates the immune system to be more antiviral & antibacterial.

Grape: Used in extract form, it is described as tonic, with anti-inflammatory, redness-reducing, and decongestant properties. It is also an antioxidant. All of these traits make it particularly beneficial in antiaging, after-sun and other sun care products. Grape's main constituent is a high proportion of berberin, with oxycanthin also present. Grapes contain vitamin C, chlorophyll, and enzymes.

Grape Seed Extract: Considered a counterirritant with soothing, antioxidant and antibacterial properties. Grapeseed extract contains polyphenols and high levels of procyanidins (they support blood vessel health).

*organic, wild crafted and sustainable sources. carbon balanced.

SKIN RENEWING EXFOLIANTS

Bamboo & Salicylic Luxurious Facial Polish

Skin Type: All pH 6.8

Product Description: A natural facial scrub that gently cleanses and removes the dead surface cells that causes dry, patchy and uneven skin. Smooth and luxurious while also being gentle and effective. Our light and fluffy cream foams readily and rinses clean, taking dull, dry surface cells with it. Leaves your skin feeling smooth and supple with the glow of healthy radiant skin and refined pores through its natural salicylic acid. **WARNING:** Avoid use on any cuts or eyes. Do not exfoliate if skin is sunburned or irritated for any reason.

Retail Size: 2 oz Jar

Professional Size: 4 oz Jar

Product Directions: Apply to skin and gently massage in circular motions, avoiding eye area. Let sit for 1-2 minutes, massage briefly again and rinse thoroughly. Use 1-2 times per week or as needed.

Product Ingredients: Sodium Lauroyl Lactylate, Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Glycerin (Vegetable)*, Camellia sinensis (Green Tea) Extract*, Rosa rubiginosa (Rosehip Seed) Powder*, Bambusa vulgaris (Bamboo) Powder*, Cetyl Alcohol, Populus tremuloides (Aspen) Bark Extract*, Bosa alba (White Kaolin) Clay*, Stearyl Alcohol, organic Lavender Essential Oil*.

Ingredient Highlights

Aspen Bark: Rich in salicylic acid, an aspirin-like substance, Aspen Bark extract is a great anti-inflammatory ingredient. Aspen bark extract also makes an excellent alternative to chemical preservatives.

White Kaolin: Its natural adsorbent properties make it essential in hygiene products and is often found in soaps, scrubs, poultices, deodorants, facial powders and masks. It is the mildest of all clays and is suitable to add to products created for people with sensitive skin. It helps stimulate circulation to the skin while gently exfoliating and cleansing it. It does not draw oils from the skin, so it can also be used on dry skin types without negative results.

Rosehips: The fruit of the rose bush, high in Vitamin C, soothing, moisturizing, and hydrating to the skin. May help protect against capillary damage and firm the tissues.

Kaolin Clay is high in calcium, silica, zinc and magnesium, which are beneficial for oily, blemished skin. The clay's mildly drying and disinfectant properties help heal existing blemishes and inflammations, while preventing new ones from forming.

*organic, wild crafted and sustainable sources. carbon balanced.

SKIN RENEWING EXFOLIANTS

Jojoba & Royal Jelly Super Gentle Face Polish

Skin Type: All

Product Description: A natural foaming facial scrub that will help to remove damaged skin and speed healing. This gentle scrub effectively removes the dead surface cells while soothing and moisturizing the skin. Formulated to address the issues of irritated, dry and inflamed skin, using the best that nature has to offer. With natural plant-based formula for natural, gentle cleansing, hydration and continued improvement in skin moisture levels, ground Jojoba for gentle exfoliation, Aloe and Calendula to heal, Bentonite and Pink Kaolin to soothe irritation and deep clean, Allantoin and Panthenol to relieve redness and inflammation, Royal Jelly extract and milk protein to restore vitality, with food grade natural preservatives.

Retail Size: 2 oz Jar

Professional Size: 8 oz Jar

Product Directions: Apply, using fingertips, to damp skin using gentle circular motion, avoiding the eyes and lips. Remove with warm water or warm wet wash cloth, do not use with a loofah or other abrasives

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Organic Calendula officinalis (Calendula) Leaf Extract, Organic Ground Simmondsia chinensis (Jojoba) Seeds, Glycerin (Vegetable), EcoCert Sodium Lauroyl Lactylate, Apis mellifera Royal Jelly Extract, Panthenol (ProVitamin B5), Hydrolyzed Milk Protein, Pink Kaolin Clay, Cetearyl Alcohol, EcoCert Gluconodeltalactone, Green Bentonite Clay, Allantoin, Citrus bergamia (bergamot) fcf, Leptospermum scoparium (manuka), Citrus paradisi (grapefruit), Vanilla planifolia, Melaleuca alternifolia (tea tree), Boswellia carteri (frankincense), Pelargonium graveolens (geranium), Cymbopogon martinii (patchouli), Aniba roseodora (rosewood), Rosa rubiginosa (rosehip) seed co2, Commiphora Myrrhha (myrrh), Cananga odorata var. Genuana (ylang ylang), Santalum spicatum (sandalwood), Calendula officinalis co2, Lavendula angustifolia (lavender), Citrus deliciosa (mandarin) red, EcoCert Sodium Benzoate.

Ingredient Highlights

Royal Jelly: From bees, is one of the richest sources of protein and vitamins. Containing 17 amino acids, abundant levels of B vitamins and minerals, it is one of the most powerful nutrients in the fight against aging skin and inflammatory skin conditions, stimulating cellular renewal and the promotion and synthesis of collagen and elastin for firm, more toned skin and a smooth appearance.

Panthenol: "ProVitamin B5" or "Pantothenic Acid", 100% panthenol is an additive no hair care / skin care product should be without. It's strengthening properties are well-known and widely used in professional hair care formulations where it also provides lustre to the hair when used at 2.0%. Also well known for it's anti-inflammatory properties for professional skin care formulations where it also acts as a powerful redness reducer when used at only 1.0%.

Sodium Lauroyl Lactylate is ECOCERT certified: A natural, food grade, emulsifiers derived from the sodium salt of lactic acid. Offering unsurpassed skin moisturization, and smooth feel on application, this is the emulsifier of choice for all of your natural products. Particularly suitable for your cleansing products. Due to their sodium backbone the lactylates are able to penetrate the top dead layers of skin to offer: * residual moisturization * extended fragrance release * enhanced delivery of actives

*organic, wild crafted and sustainable sources. carbon balanced.

EYE TREATMENTS

Intensive Eye Smoothing Treatment

Skin Type: Dry/Mature pH 6

Product Description: This intense eye cream includes Shea Butter and Cocoa Butter, Vitamin E and C, plus Japanese Green Tea to help combat free radicals. The exceptional line smoothing comes from a phytosteroid complex of Wild Yam and Soya for even more firming and wrinkle reduction.

Retail Size: 2 oz Pump

Professional Size: 4 oz Pump

Product Directions: Morning and evening, pat gently under eye area with ring finger from outer to inner corner of eye. Allow several minutes for full absorption if applying makeup.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Theobroma Cacao (Cocoa) Seed Butter*, Butyrospermum Parkii* (Shea Butter), Emulsifying Wax NF, Stearic Acid (Vegan)*, Caprylic/Capric Triglycerides (Coconut Oil*), Vitis Vinifera (Grapeseed) Oil*, Glyceryl Mono Stearate, Camellia Sinensis (Japanese Green Tea) Leaf Extract*, Ascorbic Acid (Vitamin C), Tocopherol (Vitamin E), Dioscorea Villosa (Wild Yam) Root Extract*, Glycine Soja (Soybean) Sterols*, Palmitoyl Pentapeptide-3, Cucumis Sativus (Cucumber) Fruit Extract*, Vitis Vinifera (Grape) Fruit Extract*, Bladderwrack* (seaweed), Saccharomyces / Sea Salt Ferment, Guarana (Paullinia)*, Allantoin (Comfrey Root)*.

Ingredient Highlights

Wild Yam: The roots of wild yams were used in the first commercial production of oral contraceptives, topical hormones, androgens, estrogens, progesterones, and other sex hormones. Diosgenin, a component of wild yam, is promoted as a natural precursor to dehydroepiandrosterone (DHEA). Some wild yam products are promoted as "natural DHEA."

Allantoin (Comfrey Root)*: It helps heal wounds and skin ulcers.

Guarana: Herb that contains two and a half times more caffeine than coffee. It can have constricting properties on skin.

*organic, wild crafted and sustainable sources. carbon balanced.

EYE TREATMENTS

Youth Protection Eye Gel

Skin Type: All pH 6.8

Product Description: Cooling gel with specific actives that reduce the dark rings from under the eyes. The cosmetic properties reinforce firmness and tone around the eye area. We also include peptides to protect and repair the delicate eye area.

Retail Size: 2 oz Pump

Professional Size: 4 oz Pump

Product Directions: Pat gently under eye area with ring finger from outer to inner corner of eye.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Vitis Vinifera (Grape) Fruit Extract*, Chamomilla Matricaria Flower Extract* (Chamomile), Camellia Sinensis (Japanese Green Tea) Leaf Extract*, Quaternized Wheat Protein*, Ganoderma Lucidum (Mannentake Mushroom) Extract* & Lentinus Edodes (Shiitake Mushroom) Extract*, Steareth-20, Polysorbate- 20.

Ingredient Highlights

Mushroom Extracts: The anti-aging range features a Natural Shiitake Complex, which includes both Shiitake and Mannentake mushrooms. This mushroom complex has been shown to provide beneficial antioxidant activity and help block the production of harmful proteins that can cause collagen breakdown.

Peptides: Shorter chains of amino acids; further combined, they create proteins. For cosmetic use, proteins are usually hydrolyzed to smaller fractions, peptides, to reduce their large molecular size. Currently in the cosmetic market, there are many synthesized peptides imitating different sequences from natural proteins, targeting wrinkles and aging of the skin.

Aloa Vera: Derived from pure aloe leaf. Soothing, heals wounds, stops bleeding, relieves insect bites and is especially effective for burns. The active ingredients have been found to heal and regenerate skin. In skin care products it leaves a thin film that acts as a barrier to protect the skin. This works as a barrier to keep body fluids from escaping. Aloe vera improves hydration with its natural moisturizing factor and is good for all skin types. Aloe vera is composed of water, the enzymes catalase and cellulose, minerals, calcium, aluminum, iron, zinc, magnesium, sodium, 20 amino acids and carbohydrates. True aloe vera is watery and thin.

Hydroxysuccinimide, Chrysin, Palmitoyl Oligopeptide, and Palmitoyl Tetrapeptide-3 - This combination of ingredients helps eliminate excess iron and other pigments that cause dark circles under and around the eyes. Reinforces and tones the eye-area skin.

*organic, wild crafted and sustainable sources. carbon balanced.

EYE TREATMENTS

Red Wine Wrinkle Reduction Eye Whip

Skin Type: Normal/Tired/Dry/Mature pH 6

Product Description: This rich eye cream is fantastic for delicate eye tissues. Our red wine extract allows the skin to retain the moisture it needs to rebuild. This intense eye cream includes Shea Butter and Cocoa Butter, Vitamin E and C, plus Japanese Green Tea to help combat free radicals. Great for lips too!

Retail Size: 2 oz Pump

Professional Size: 4 oz Pump

Product Directions: Morning and evening, pat gently under eye area with ring finger from outer to inner corner of eye. Allow several minutes for full absorption if applying makeup.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Cetearyl Alcohol, Persea americana (Avocado) Oil*, Macadamia ternifolia (Macadamia) Nut Oil, Camellia sinensis Oil*, Aelurites Moluccana (Kukui) Nut Oil*, Organic Red Wine Extract*, Ribes nigrum (Black Currant) Seed Oil*, Rubus Idaeus (Red Raspberry) Seed Oil*, Olive Squalane*, Borago officinalis (Borage) Oil*, D-Alpha Tocopherol, Palmitoyl Tripeptide-5, Retinyl Palmitate, (Vegetable) Glycerin*, Caprylic/Capric Triglycerides (Coconut Oil*), Myristyl Myristate (Coconut Source)*, Populus tremuloides (Aspen) Bark Extract*, Sodium Stearoyl Lactylate, Glyceryl Stearate, Creatine

Ingredient Highlights

Organic Red Wine Extract: Our red wine is rich in various types of antioxidants that prevent and protect against disease. It also contains polyphenols which have a positive impact on the body's vascular system, and stimulates the immune system to be more antiviral & antibacterial.

Grape: Used in extract form, it is described as tonic, with anti-inflammatory, redness-reducing, and decongestant properties. It is also an antioxidant. All of these traits make it particularly beneficial in antiaging, after-sun and other suncare products. Grape's main constituent is a high proportion of berberin, with oxycanthin also present. Grapes contain vitamin C, chlorophyll, and enzymes.

Grape Seed Extract: Considered a counterirritant with soothing, antioxidant and antibacterial properties. Grapeseed extract contains polyphenols and high levels of procyanidins (they support blood vessel health).

SKIN PERFECTING MASKS

Mineral Moisture Boosting Mask

Skin Type: Dry/Mature/Sensitive pH 6.8

Product Description: A luxurious creamy mask containing the super moisturizing properties of Hyaluronic Acid that when applied to skin, eases wrinkles, fine lines and smoothes the surface with a slight "plumping" action.

Retail Size: 4 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing, apply a thin layer over face and neck, avoiding eye area. Relax for ten to fifteen minutes. Rinse well and follow with toner and appropriate protective treatment.

Product Ingredients: Aloe Barbadensis (Aloe Leaf) Gel*, Sodium Hyaluronate, Butyrospermum Parkii* (Shea Butter), Mangifera Indica (Mango Butter) Seed Oil*, Olea Europaea (Olive) Oil*, Prunus Dulcis (Almond) Oil*, Persea Gratissima (Avocado) Oil*, Helianthus Annuus (Sunflower) Seed Oil*, Vitis Vinifera (Grape) Seed Oil*, Caprylic/Capric Triglycerides (Coconut Oil*), Vegetable Glycerin, Stearic Acid (Vegan)*, Glyceryl Stearate, Cetyl Alcohol, Aloe Barbadensis (Aloe) Leaf Juice**, Tocopherol (Vitamin E), Cyclomethicone (Silica).

Ingredient Highlights

Mango Butter: (Mangifera Indica) Mango butter is another tropical butter that has a similar composition to shea and cocoa, however the fatty acid content profile is slightly different and enhances the spectrum of natural EFAs (essential fatty acids), antioxidants and vitamins. It smells sweet and nutty in its pure form, generally has a warm creamy color and is solid at room temperature. It also melts at body temperature or upon contact with skin and disperses smoothly, providing a protective, emollient layer. Due to its high in unsaponifiables levels, mango butter has excellent emollient properties, high oxidative ability, as well as wound healing and regenerative activity.

Aloa Vera: Derived from pure aloe leaf. Soothing, heals wounds, stops bleeding, relieves insect bites and is especially effective for burns. The active ingredients have been found to heal and regenerate skin. In skin care products it leaves a thin film that acts as a barrier to protect the skin. This works as a barrier to keep body fluids from escaping. Aloe vera improves hydration with its natural moisturizing factor and is good for all skin types. Aloe vera is composed of water, the enzymes catalase and cellulose, minerals, calcium, aluminum, iron, zinc, magnesium, sodium, 20 amino acids and carbohydrates. True aloe vera is watery and thin.

Wheat Protein: Proteins are the fundamental components of all living cells and include a diverse range of biological substances, such as enzymes, hormones, and antibodies, that are necessary for the proper functioning of any organism, plant or animal. The human body contains perhaps 100,000 different proteins, each composed of an assortment of 20 or so amino acids. The sequence of these amino acids determines the unique properties of each protein, such as, for example, its role as an enzyme acting as a catalyst for a specific biochemical reaction. If even one of the essential amino acids is missing, the protein cannot be formed.

*organic, wild crafted and sustainable sources. carbon balanced.

SKIN PERFECTING MASKS

Botanical Gel Infusion Mask

Skin Type: All pH 6.8

Product Description: A clear, oil free mask which reinforces firmness and tone, but acts to sooth and nourish skin. High in chamomile, aloe, lavender and green tea to heal skin. Great for Rosacea-prone skin, irritated skin or sun burn.

Retail Size: 4 oz Jar

Professional Size: 16 oz Jar

Product Diections: After cleansing, apply an even layer over face and neck and relax for ten to fifteen minutes. Rinse well with cool water and follow with toner and appropriate protective treatment.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Steareth-20, Polysorbate- 20, Essential Oils* of Cedarwood, Rosewood, Sage, Myrrh, Palmarosa, Blue Cypress, Patchouli, Moroccan Rose, German Chamomile, precious Neroli.

Ingredient Highlights

Aloa Vera: Derived from pure aloe leaf. Soothing, heals wounds, stops bleeding, relieves insect bites and is especially effective for burns. The active ingredients have been found to heal and regenerate skin. In skin care products it leaves a thin film that acts as a barrier to protect the skin. This works as a barrier to keep body fluids from escaping. Aloe vera improves hydration with its natural moisturizing factor and is good for all skin types. Aloe vera is composed of water, the enzymes catalase and cellulose, minerals, calcium, aluminum, iron, zinc, magnesium, sodium, 20 amino acids and carbohydrates. True aloe vera is watery and thin.

Lavender: Has sedative and antiseptic properties—its penetrating, herbaceous, and clean fragrance blends well with other extract. It relieves and heals skin irritations (abscess, acne, dermatitis, eczema, psoriasis), is good for burns, sunburns, wounds and insect bites and is believed to reduce inflammation in arthritis and rheumatism.

Peptides: Shorter chains of amino acids; further combined, they create proteins. For cosmetic use, proteins are usually hydrolyzed to smaller fractions, peptides, to reduce their large molecular size. Currently in the cosmetic market, there are many synthesized peptides imitating different sequences from natural proteins, targeting wrinkles and aging of the skin.

Hydroxysuccinimide, Chrysin, Palmitoyl Oligopeptide, and Palmitoyl Tetrapeptide-3 - This combination of ingredients helps eliminate excess iron and other pigments that cause dark circles under and around the eyes. Reinforces and tones the eye-area skin.

SKIN PERFECTING MASKS

Clearing Mineral Mask

Skin Type: Oily/Combo pH 6.8

Product Description: Pure Arctic mineral mud blended with botanicals, extracts, marine minerals and protein will promote firmness while clearing breakouts. Includes Aloe Vera, Chamomile and Japanese Green Tea which assist in rejuvenating the skin, while Cucumber Extract will help tighten pores. A unique toning mask to de-toxify and achieve baby smooth skin with our exclusive essential oils blend of Cedarwood, Geranium, Lemon, Lime, Juniper Berry, Lemongrass assist in balancing the skin and preventing overproduction of oil. The astringent quality of the blend can inhibit the growth of irritating germs that often lead to acne. At the same time it stimulates the skin, which can leave it better circulated and more vital.

Retail Size: 4 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing, apply an even layer over face and neck and relax for ten to fifteen minutes. Oilier skins may want to apply a thicker mask for enhanced detoxifying benefits. Rinse well with warm water.

Product Ingredients: Mineral Mud (Aluminum, iron, potassium, magnesium, calcium), Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Essential Oils* of Cedarwood, Geranium, Lemon, Lime, Juniper Berry, Lemongrass, Steareth-20, Polysorbate- 20.

Ingredient Highlights

Mineral Mud: Unlike Dead Sea mud that has a stinging effect, this mud is mild on all skin types. Our minerals offer a unique toning mask, to de-toxify and achieve baby smooth skin.

Juniper Berry: Fresh, fruity, woody, spicy and herbaceous scent. Treats pain and inflammation of arthritis and rheumatism, varicose veins and hemorrhoids. Increases circulation and reduces fluid retention. Pick-me-up and counters tiredness and reduces anxiety. Used for acne, eczema, dermatitis, greasy hair, hair loss, dandruff and decongest the venial system. Good airborne disinfectant. Heart tonic, circulatory stimulant, cleans blood and aids in toxin accumulation, especially uric acid. Useful in diabetes, eases menstruation, poor memory, jet lag, uplifts.

Lemongrass: Extract that can have antibacterial properties.

*organic, wild crafted and sustainable sources. carbon balanced.

SKIN PERFECTING MASKS

Blueberry Breakthrough Mask

Skin Type: Dry/Mature pH 5

Product Description: Don't eat it! Just smelling the mask will make you happy, but once you see and feel the results you'll be amazed. We take all the antioxidant power of New Mexico's blueberries (organically grown in Deming, NM) with white tea and infuse it into the skin by removing dry, dead cells with fruit acids. A blend of butters and moisture binders plump your skin and gives you a fresh, dewy glow!

Retail Size: 4 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing, apply a thin layer over face and neck, avoiding eye area. You may get some tingling. Relax for ten to fifteen minutes. Rinse well and follow with toner and appropriate protective treatment.

Product Ingredients: Aloe Vera Gel*, Sodium Hyaluronate, Butyrospermum Parkii* (SheaButter), Mangifera Indica (Mango Butter) Seed Oil*, Olea Europaea (Olive) Oil*, Prunus Dulcis (Almond) Oil*, Persea Gratissima (Avocado) Oil*, Helianthus Annuus (Sunflower) Seed Oil*, Vitis Vinifera (Grape) Seed Oil*, Capric/Caprylic Triglycerides (Coconut Oil)*, Vegetable Glycerin, Stearic Acid (Vegan)*, Blueberry Fruit* and Juice, White Tea*, Elderberry Extract*, Glyceryl Stearate, Cetyl Alcohol, Pyrus Malus (Apple) Fruit Extract*, Vaccinium Myrtillus (Bilberry)* Extract, Citrus Medica Limonium (Lemon) Peel Extract*, Citrus Aurantium Dulcis (Orange) Peel Extract*, Carica Papaya (Papaya) Leaf Extract*, Lactic Acid, Aloe Barbadensis (Aloe) Leaf Juice*, Tocopherol (Vitamin E), Cyclomethicone (Silica).

Ingredient Highlights

Alpha Hydroxy Acids – AHA: Organic acid with a hydroxyl group on the first carbon atom (alpha). Glycolic, Lactic, Citric, Malic, Tartaric.

Blueberries: Blueberries have a diverse range of micronutrients, with notably high levels of the essential dietary mineral manganese, vitamin B6, vitamin C and vitamin K.

Especially in wild species, blueberries contain anthocyanins, other antioxidant pigments and various phytochemicals possibly having a role in reducing risks of some diseases, including inflammation and different cancers. Researchers have shown that blueberry anthocyanins, proanthocyanidins, resveratrol, flavonols, and tannins inhibit mechanisms of cancer cell development and inflammation.

White Tea Leaf Extract: (Camelia Sinensis) There is research showing white and green teas to have the highest concentration of antioxidant properties (via their polyphenol and flavonoid content) of all teas. It appears that white and green tea share similar amounts of polyphenol epigallocatechin-gallate (EGCG), which is the tea's main antioxidant.

*organic, wild crafted and sustainable sources. carbon balanced.

SKIN PERFECTING MASKS

Red Wine & Grape Skin Youthful Glow Mask

Skin Type: Normal/Tired/Dry/Mature pH 5

Product Description: Whipped luxury! Red wine is full of beneficial antioxidants, polyphenols, resveratrol and other nutrients that replenish and revitalize your complexion. Skin becomes smooth while your circulatory system is stimulated by the grapes' active elements. All with no hang over!

Retail Size: 4 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing, apply a thin layer over face and neck, avoiding eye area. You may get some tingling. Relax for ten to fifteen minutes. Rinse well and follow with toner and appropriate protective treatment.

Product Ingredients: Purified Water (Aqua), Organic Red Wine Extract*, Glycerine, Stearic Acid (Vegan)*, Glycine Soja (Soybean) Oil*, Simmondsia Chinensis (Jojoba) Seed Oil*, Cetyl Palmitate, Cetearyl Alcohol, Calendula (Calendula Officinalis) Oil*, Butyrospermum Parkii* (Shea Butter) Fruit, Polysorbate 60, Tamarindus Indica Seed Extract*, Cucumis Sativus* (Cucumber) Fruit Extract, Vitis Vinifera (Grape) Fruit Extract*, Bladderwrack* (seaweed), Saccharomyces / Sea Salt Ferment, Chamomilla Matricaria Flower Extract* (Chamomile), Vegetable Glycerine*, Camellia Sinensis (Japanese Green Tea) Leaf Extract*, Quaternized Wheat Protein*, Ganoderma Lucidum* (Mannentake Mushroom), Camellia Sinensis (Green Tea) Leaf Extract*, Camellia sinensis* (Darjeeling Black Tea) Leaf Extract, Centella Asiatica* (Gotu Kola) Extract, Aspalathus linearis* (Rooibos / Red Bush) Leaf Extract, Camellia sinensis* (White Tea) Leaf Extract, Ethylhexylglycerin.

Ingredient Highlights

Organic Red Wine Extract: Our red wine is rich in various types of antioxidants that prevent and protect against disease. It also contains polyphenols which have a positive impact on the body's vascular system, and stimulates the immune system to be more antiviral & antibacterial.

Grape: Used in extract form, it is described as tonic, with anti-inflammatory, redness-reducing, and decongestant properties. It is also an antioxidant. All of these traits make it particularly beneficial in antiaging, after-sun and other suncare products. Grape's main constituent is a high proportion of berberin, with oxycanthin also present. SKIN PERFECTING MASKS

Oat & Honey Oxygenating Mask

Skin Type: All

Product Description: A natural facial mask with soft, airy foam to gently cleanse and remove impurities while helping to remove the dead surface cells that can accumulate, especially with mature and pre-maturely aged skin, leaving the complexion dry, patchy and uneven. Smooth and luxurious while also being gentle and moisturizing. A light and fluffy creamy gel with true natural appeal. Foams readily and rinses clean, taking dull dry surface cells with it, leaving your skin feeling smooth and supple with the glow of healthy radiant skin. Formulated to address the issues of irritated, dry and sensitive skin, with the best that nature has to offer. With Sodium Lauroyl Lactylate to cleanse gently, Chamomile extract to prevent inflammation, honey and oats to help soothe and prevent irritation, Beet Sugar to moisturize from within for true hydration repair, panthenol for a more even skin tone, Orange Illite to re-mineralize and oxygenate the tissues and an all natural preservative.

Retail Size: 4 oz Jar

Professional Size: 16 oz Jar

Product Directions: To cleanse and polish: apply to damp skin using fingertips to massage using gentle circular motions, avoiding the eyes and lips. Rinse with warm water or a warm wet cloth. To hydrate and soften: following directions above, leave on for 10 to 15 minutes before rinsing completely.

Product Ingredients: Aloe barbadensis (Aloe Vera) Leaf Juice, Sodium Lauroyl Lactylate, Propanediol (Corn) Sugar Fermentation (and) Chamaemelum nobile (Chamomile) Leaf Extract, Glycine Betaine (Beta vulgaris (Beet)) Sugar Extract, Vena sativa (Oat) Kernel, White Kaolin, Bentonite, Panthenol (ProVitamin B5), Apis mellifera (Bee) Honey Powder, Orange Illite, Gluconolactone (Sugar) Fermentation, Xanthomonas campestris (Xanthan) Gum Powder, Sodium Benzoate.

Ingredient Highlights

Propanediol Sugar Fermentation: 100% natural, highly pure, emollient from a sustainable and renewable process. No petro's or preservatives. Offers a natural alternative to the petro derived glycols i.e., propylene glycol, butylene glycol....which provide moisture binding and a dry, silky emolience to emulsions.

Glycine Betaine (Beta vulgaris (Beet)) Sugar Extract: a food grade moisturizer and anti-irritant, naturally, derived from a renewable source of Beet Sugar. Being a betaine, and one of the four classes of osmolytes, it acts to maintain intracellular water levels, preventing damage due to environmental stressors such as UV radiation, and oxidation. This important function allows the cells to function more efficiently, preventing damage and the dehydration responsible for the look of parched, sallow and discolored skin. Unlike traditional humectants, which draw moisture from the environment, Beet Sugar adds hydration directly, through it's abundant source of sacharides making it a suitable choice for any climate or environment. With it's cellular hydrating activity Beet Sugar is the perfect choice for any formulas designed to improve skin function, especially anti-aging skin care and super moisturizing body care.

Vena sativa (Oat) Kernel: Oh, the wonders of the magical, natural Oat. Standardized to include a whopping 5% Beta Glucans (which boost the skin's won immuno functions). Oat has a wide array of skin & hair benefits, including: Reducing irritation associated with alpha hydroxy acids.

* Reducing sunburn cell formation upon skin exposure to UVA radiation. * Revitalizes and rejuvenates. * Repairing the epidermal skin barrier. * Inhibiting free radical formation associated with photo-aging of the skin. Stimulating collagen growth as an aid to wrinkle reduction. * Excellent Film Former. * Well known propensity as an anti-inflammatory ingredient. * Outstanding Moisturizing and humectant properties. * Natural Antioxidant.

*organic, wild crafted and sustainable sources. carbon balanced.

DEEP FUSION SERUMS

GLOW - Mineral Repair Complex

Skin Type: Dry/Mature pH 6

Product Description: Oceans contain vast quantities of materials that presently serve as major resources for repairing and rebuilding skin. Ocean minerals containing high concentrations of Selenium, Magnesium, Copper, Zinc, Calcium, and Germanium, intended to replace these necessary minerals for healthy skin and cellular health.

Retail Size: 2 oz Pump

Professional Size: 8 oz Pump

Product Directions: After cleansing and toning, apply a drop of serum to forehead, chin, and cheeks.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Quaternized Wheat Protein*, Saccharomyces / Sea Salt Ferment (Biomin), Steareth-20, Polysorbate- 20,, Essential Oils* of Cedarwood, Rosewood, Sage, Myrrh, Palmarosa, Blue Cypress, Patchouli, Moroccan Rose, German Chamomile, precious Neroli.

Ingredient Highlights

Magnesium: Earth mineral that has strong absorbent properties and some disinfecting properties.

Peptides: Shorter chains of amino acids; further combined, they create proteins. For cosmetic use, proteins are usually hydrolyzed to smaller fractions, peptides, to reduce their large molecular size. Currently in the cosmetic market, there are many synthesized peptides imitating different sequences from natural proteins, targeting wrinkles and aging of the skin.

Cucumber: An anti-inflammatory that helps reduce heat and inflammation. It is cooling, and cleansing, and has an extremely soothing effect on the skin. Also contains amino acids and minerals that help firm and regenerate.

*organic, wild crafted and sustainable sources. carbon balanced.

DEEP FUSION SERUMS

MATTE - Chamomile Oil Reduction Serum

Skin Type: Oily/Combo pH 6

Product Description: Healthy skin is about balancing the water and oil. This oil-free gel assists in balancing the skin and preventing overproduction of oil. The astringent quality of the blend can inhibit the growth of irritating germs that often lead to acne. At the same time it stimulates the skin, which can leave it better circulated and more vital.

Retail Size: 2 oz Pump

Professional Size: 8 oz Pump

Product Directions: After cleansing and toning, apply a drop of serum to forehead, chin, and cheeks.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Steareth-20, Polysorbate- 20,, Essential Oils* of Cedarwood, Geranium, Lemon, Lime, Juniper Berry, Lemongrass.

Ingredient Highlights

Cucumber: An anti-inflammatory that helps reduce heat and inflammation. It is cooling, and cleansing, and has an extremely soothing effect on the skin. Also contains amino acids and minerals that help firm and regenerate.

Lemon Oil: Lemon pure essential oil has the wonderful characteristic scent of freshly peeled lemon rind. When used in cellulite treatments, lemon essential oil acts as a depurative and lymphatic stimulant, draining tissues of excess fluids and toxins. When added to skin care and cosmetic treatments, use is made of its anti-bacterial, astringent and cell-regenerative properties. As a nail and cuticle treatment, Lemon essential oil helps heal dry, rough, chapped skin, and gently bleaches and whitens nails. When inhaled, the scent of lemon essential oil is refreshing and uplifting.

Chamomile: Chamomile tea, brewed from dried flower heads, has been used traditionally for medicinal purposes. The main constituents of the flowers include phenolic compounds, primarily the flavonoids apigenin, quercetin, patuletin, luteolin, and their glucosides. The principal components of the essential oil extracted from the flowers are the terpenoids α -bisabolol and its oxides and azulenes, including chamazulene. Chamomile has moderate antioxidant and antimicrobial activities.

*organic, wild crafted and sustainable sources. carbon balanced.

DEEP FUSION SERUMS

SMOOTH - Intense Line Reduction Serum

Skin Type: Dry/Mature pH 6

Product Description: Our line-reducing complex includes an alternate to Retinol or Vitamin C, effective in reducing age lines. Included is Grape Seed Extract as an antioxidant and free radical reducer for damaged and stressed skin. Wild Mushroom Extract acts as an astringent with a firming action; plus Japanese Green Tea, Cucumber Extract, Chamomile and Wheat Protein.

Retail Size: 2 oz Pump

Professional Size: 8 oz Pump

Product Directions: After cleansing and toning, apply a drop of serum to forehead, chin, and cheeks.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Steareth-20, Polysorbate- 20,, Dioscorea Villosa (Wild Yam) Root Extract*, Glycine Soja (Soybean) Sterols*, Bladderwrack* (seaweed), Saccharomyces / Sea Salt Ferment, Guarana (Paullinia)*.

Ingredient Highlights

Wild Yam: The roots of wild yams were used in the first commercial production of oral contraceptives, topical hormones, androgens, estrogens, progesterones, and other sex hormones. Diosgenin, a component of wild yam, is promoted as a natural precursor to dehydroepiandrosterone (DHEA). Some wild yam products are promoted as "natural DHEA."

Peptides: Shorter chains of amino acids; further combined, they create proteins. For cosmetic use, proteins are usually hydrolyzed to smaller fractions, peptides, to reduce their large molecular size. Currently in the cosmetic market, there are many synthesized peptides imitating different sequences from natural proteins, targeting wrinkles and aging of the skin.

Soy Protein: Amino acid and lipid rich to help aid cellular regeneration. Helps increase elasticity and soften lines and wrinkles.

*organic, wild crafted and sustainable sources. carbon balanced.

DEEP FUSION SERUMS

FRESH - Skin Boost Serum with AHA

Skin Type: All pH 5

Product Description: A deep penetrating skin renewal serum without harsh synthetic chemicals. We infuse the skin with minerals for tone and help new cells come to the surface using fruit acids from apple, bilberry, lemon peel, orange peel and papaya.

Retail Size: 2 oz Pump

Professional Size: 8 oz Pump

Product Directions: After cleansing and toning, apply a drop of serum to forehead, chin, and cheeks.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Pyrus Malus (Apple) Fruit Extract*, Vaccinium Myrtillus (Bilberry)* Extract, Citrus Medica Limonium (Lemon) Peel Extract*, Citrus Aurantium Dulcis (Orange) Peel Extract*, Carica Papaya (Papaya) Leaf Extract*, Phenoxyethanol, Steareth-20, Polysorbate- 20.

Ingredient Highlights

Alpha Hydroxy Acids – AHA: Organic acid with a hydroxyl group on the first carbon atom (alpha). Glycolic, Lactic, Citric, Malic, Tartaric.

Papaya: This fruit is used in our formulations when it contains the highest content of "papain". As the fruit matures this powerful enzyme decreases. To protect this "active" enzyme a low heat extraction must be maintained. It is an excellent free-radical scavenger and cellular renewal ingredient with the ability to digest protein (exfoliates), selecting only dead cells without harming the living ones.

Bilberry Extract: Some research shows bilberry (vaccinium myrtillis) to be effective as an antioxidant when ingested due to its antocyanin content.

*organic, wild crafted and sustainable sources. carbon balanced.

DEEP FUSION SERUMS

DEW - Extreme Moisture Infusion Serum

Skin Type: Dry/Mature pH 6

Product Description: This moisturizing serum has an extract that includes a bioactive complex derived from the tamarind plant. It improves the skin moisture content and has slight firming action. Along with Japanese Green Tea as an antioxidant, it also features Cucumber Extract, 7 Marine Minerals, Chamomile and Wheat Protein to make skin soft, pliable and helps retain moisture to ease dry skin.

Retail Size: 2 oz Pump

Professional Size: 8 oz Pump

Product Directions: After cleansing and toning, apply a drop of serum to forehead, chin, and cheeks.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Tamarindus Indica Seed Extract*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Quaternized Wheat Protein*, Ganoderma Lucidum (Mannentake Mushroom) Extract* & Lentinus Edodes (Shiitake Mushroom) Extract*, Algae Extract*, Steareth-20, Polysorbate- 20.

Ingredient Highlights

Mushroom Extracts: The anti-aging range features a Natural Shiitake Complex, which includes both Shiitake and Mannentake mushrooms. This mushroom complex has been shown to provide beneficial antioxidant activity and help block the production of harmful proteins that can cause collagen breakdown.

Algae Extract*: Algae are very simple, chlorophyll-containing organisms in a family that includes more than 20,000 different known species. A number of species have been used for drugs, where they work as anticoagulants, antibiotics, antihypertensive agents, blood cholesterol reducers, dilatory agents, insecticides, and anti-tumorigenic agents. In cosmetics, algae act as thickening agents, water-binding agents, and antioxidants. Some algae are also potential skin irritants. Other forms of algae, such as Irish moss and carrageenan, contain proteins, vitamin A, sugar, starch, vitamin B1, iron, sodium, phosphorus, magnesium, copper, and calcium. These are all beneficial for skin, either as emollients or antioxidants.

Tamarind seeds: The paste extracted from the fruits of the sub-tropical leguminous tree (*Tamarindus indica*) has been widely used in herbal medicine and as a foodstuff for centuries. Recognized for stimulation of skin repair, it also assists in environmental skin protection and for premature ageing of the skin. The moisturizing ability of the tamarind has shown to be equal to Hyaluronic Acid in effectiveness...and is plant based.

DEEP FUSION SERUMS

LIFT - BioFirming Aging Solution Serum

Skin Type: Dry/Mature pH 6

Product Description: Skin aging involves slackening, less tone and elasticity, and more fine lines and wrinkles. Our serum provides the efficacy of a targeted cosmetic response obtained with an advanced technological approach that provides an optimized lifting result using an exclusive extract of sweet almond proteins.

Retail Size: 2 oz Pump

Professional Size: 8 oz Pump

Product Directions: After cleansing and toning, apply a drop of serum to forehead, chin, and cheeks.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Tamarindus Indica Seed Extract*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Prunus Amygdalus Dulcis (Sweet Almond) Extract, Algae Extract*, Steareth-20, Polysorbate- 20.

Ingredient Highlights

Algae Extract*: Algae are very simple, chlorophyll-containing organisms in a family that includes more than 20,000 different known species. A number of species have been used for drugs, where they work as anticoagulants, antibiotics, antihypertensive agents, blood cholesterol reducers, dilatory agents, insecticides, and anti-tumorigenic agents. In cosmetics, algae act as thickening agents, water-binding agents, and antioxidants. Some algae are also potential skin irritants. Other forms of algae, such as Irish moss and carrageenan, contain proteins, vitamin A, sugar, starch, vitamin B1, iron, sodium, phosphorus, magnesium, copper, and calcium. These are all beneficial for skin, either as emollients or antioxidants.

Sweet Almond: Serves as a carrier providing elegant skin feel and promoting spreadability. It contains vitamins A, B1, B2, and B6, a tiny amount of E, and it also has a rich concentration of oleic and linoleic essential fatty acids. It is the triglyceride oil (vegetable oil) derived from almonds, and it helps to smooth, soften and protect. Ideal in the treatment of very dry and chapped skin; it is an excellent emollient (softening and soothing to the skin) and also helps the skin to balance its loss and absorption of moisture. It is known for its mildness, has excellent shelf life, and imparts a soft feel to creams and lotions. It has a similar make-up to our skin's natural sebum (which is the oil produced by the skin to protect it) and it is easily absorbed. Its nutritional profile includes glucosides, minerals, vitamins and proteins.

Tamarind seeds: The paste extracted from the fruits of the sub-tropical leguminous tree (Tamarindus indica) has been widely used in herbal medicine and as a foodstuff for centuries. Recognized for stimulation of skin repair, it also assists in environmental skin protection and for premature ageing of the skin. The moisturizing ability of the tamarind has shown to be equal to Hyaluronic Acid in effectiveness...and is plant based.

DEEP FUSION SERUMS

Red Wine Serum de Cabernet

Skin Type: Normal/Tired/Dry/Mature pH 6

Product Description: Organic red grapes are bursting with antioxidants! The Serum is filled with collagen stimulators, hydrators, firming properties, and soothing elements. This highly fortified serum gives the cells powerful benefits of right off a sun-kissed vine.

Retail Size: 2 oz Pump

Professional Size: 8 oz Pump

Product Directions: After cleansing and toning, apply a drop of serum to forehead, chin, and cheeks.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Tamarindus Indica Seed Extract*, Organic Red Wine Extract*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Camellia Sinensis (Green Tea) Leaf Extract*, Camellia sinensis (Darjeeling Black Tea) Leaf Extract*, Centella Asiatica (Gotu Kola) Extract*, Aspalathus linearis (Rooibos / Red Bush) Leaf Extract*, Camellia sinensis (White Tea) Leaf Extract*, Phenoxyethanol.

Ingredient Highlights

Organic Red Wine Extract: Our red wine is rich in various types of antioxidants that prevent and protect against disease. It also contains polyphenols which have a positive impact on the body's vascular system, and stimulates the immune system to be more antiviral & antibacterial.

Grape: Used in extract form, it is described as tonic, with anti-inflammatory, redness-reducing, and decongestant properties. It is also an antioxidant. All of these traits make it particularly beneficial in antiaging, after-sun and other sun care products. Grape's main constituent is a high proportion of berberin, with oxycanthin also present. Grapes contain vitamin C, chlorophyll, and enzymes.

Grape Seed Extract: Considered a counterirritant with soothing, antioxidant and antibacterial properties. Grapeseed extract contains polyphenols and high levels of procyanidins (they support blood vessel health).

DEEP FUSION SERUMS

Topical C Serum with Collagen

Skin Type: Normal/Tired/Dry/Mature pH 6

Product Description: One of the modern wonders of skincare is from oranges! Vitamin C Actives are one of the best ingredients that we can use for anti-aging and anti-oxidant protection. Our serum even helps reduce the signs of aging and sun damage. Our exclusive formula deeply penetrates to deliver Vitamin C and Collagen at the cellular level.

Retail Size: 2 oz Pump

Professional Size: 8 oz Pump

Product Directions: After cleansing and toning, apply a drop of serum to forehead, chin, and cheeks.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Phospholipids, Ascorbyl Palmitate(Vitamin C), Quaternium-79 Hydrolyzed Collagen, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Steareth-20, Polysorbate- 20.

Ingredient Highlights

Cucumber: An anti-inflammatory that helps reduce heat and inflammation. It is cooling, and cleansing, and has an extremely soothing effect on the skin. Also contains amino acids and minerals that help firm and regenerate.

Vegetable Glycerin: A humectant (water-attracting/binding ingredient), emulsifier, and emollient naturally produced from a combination of vegetable fat and water.

Vitamin C: A potent anti-oxidant that may play an essential role in building collagen, the connective tissue that holds us together. Found in citrus fruits. Because of its acidic nature, it also helps improve tone and texture by removing dead skin cells.

*organic, wild crafted and sustainable sources. carbon balanced.

MOISTURIZERS

Eventone Blending Moisturizer

Skin Type: Normal to Dry pH 6.5

Product Description: Our botanicals eliminate age spots and sun damage. Containing Sophora Flavescens (from a tree in China) and Kiwi Root (Actinidia Chinensis), it targets specific pigmentation problems and have produced 94% equivalent effectiveness of kojic acid (without toxicity). It includes 5 natural oils of Avocado, Grapeseed, Sweet Almond, Olive and Sunflower. Shea and Mango Butters along with Aloe, Vitamin E and Cucumber extracts enrich the skin and can be used as a daily moisturizer.

Retail Size: 2 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing and toning, apply a small amount to face and neck and massage in gently.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Actinidia Chinensis (Kiwi) Fruit Water*, Sophora Angustifolia Root Extract, Olea Europaea (Olive) Oil*, Prunus Dulcis (Almond) Oil*, Persea Gratissima (Avocado) Oil*, Helianthus Annuus (Sunflower) Seed Oil*, Vitis Vinifera (Grape) Seed Oil*, Capric/Caprylic Triglyceride Diacetyl Boldine, Butyrospermum Parkii* (Shea Butter), Mangifera Indica (Mango Butter) Seed Oil*, Vegetable Glycerin, Stearic Acid (Vegan)*, Glyceryl Stearate, Cucumis Sativis (Cucumber) Fruit Extract, Cetyl Alcohol, Aloe Barbadensis (Aloe) Leaf Juice*, Tocopherol (Vitamin E), Cyclomethicone (Silica).

Ingredient Highlights

Sophora angustifolia root extract: Plant from Asia which is included in the Chinese Pharmacopoeia and used internally and externally. Contains flavonoids responsible for anti-tyrosinase activity.

Kiwi: Kiwi has significant antioxidant properties that may even be greater than those of vitamin C. The acid component of the kiwi can be used to even skin tone and coloration.

Sweet Almond: Serves as a carrier providing elegant skin feel and promoting spreadability. It contains vitamins A, B1, B2, and B6, a tiny amount of E, and it also has a rich concentration of oleic and linoleic essential fatty acids. It is the triglyceride oil (vegetable oil) derived from almonds, and it helps to smooth, soften and protect. Ideal in the treatment of very dry and chapped skin; it is an excellent emollient (softening and soothing to the skin) and also helps the skin to balance its loss and absorption of moisture. It is known for its mildness, has excellent shelf life, and imparts a soft feel to creams and lotions. It has a similar make-up to our skin's natural sebum (which is the oil produced by the skin to protect it) and it is easily absorbed. Its nutritional profile includes glucosides, minerals, vitamins and proteins.

MOISTURIZERS

Oil Control Moisture Gel

Skin Type: Oily pH 6

Product Description: Citrus and soothing! This oil-free gel assists in balancing the skin and preventing overproduction of oil while clearing pores. The astringent quality of the blend can inhibit the growth of irritating germs that often lead to acne. At the same time it stimulates the skin, which can leave it better circulated and more vital.

Retail Size: 2 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing and toning, apply a small amount to face and neck and massage in gently.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Essential Oils* of Cedarwood, Geranium, Lemon, Lime, Juniper Berry, Lemongrass, Geranium, Tea Tree, Lemon, Lavender, Peppermint, Clove Bud, Steareth-20, Polysorbate- 20.

Ingredient Highlights

Cucumber: An anti-inflammatory that helps reduce heat and inflammation. It is cooling, and cleansing, and has an extremely soothing effect on the skin. Also contains amino acids and minerals that help firm and regenerate.

Lemon Oil: Lemon pure essential oil has the wonderful characteristic scent of freshly peeled lemon rind. When used in cellulite treatments, lemon essential oil acts as a depurative and lymphatic stimulant, draining tissues of excess fluids and toxins. When added to skin care and cosmetic treatments, use is made of its anti-bacterial, astringent and cell-regenerative properties. As a nail and cuticle treatment, Lemon essential oil helps heal dry, rough, chapped skin, and gently bleaches and whitens nails. When inhaled, the scent of lemon essential oil is refreshing and uplifting.

Lemongrass: Extract that can have antibacterial properties.

*organic, wild crafted and sustainable sources. carbon balanced.

MOISTURIZERS

Shea Moisture Butter Cream

Skin Type: Dry/Mature pH 6.8

Product Description: This cream is for skin that naturally requires more oils without leaving a greasy feel with the added benefit of Olive Squalane*, highly regarded for its moisturizing properties. Perfect for dry arid climates or even fan-forced heat in winter. Aloe Vera Gel, Jojoba, Avocado and Grapeseed oils, with African Shea Butter, Vegetable Glycerine* and Vitamin E deeply hydrate and protect the skin. Wild Yam and Soya for even more firming and wrinkle reduction. Guarana, a plant from Brazil that contains xanthine alkaloids (theophylline, caffeine, theobromine), recognized to tone.

Retail Size: 2 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing and toning, apply a small amount to face and neck and massage in gently.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Persea Gratissima (Avocado Seed) Oil*, Simmondsia Chinesis (Jojoba Seed) Oil*, Vitis Vinefera (Grape Seed) Oil*, Vegetable Glycerine*, Butyrospermum Parkii* (Shea Butter), Capric/Caprylic Triglycerides, Squalane (Olea Europaea) Olive Extract, Stearic Acid (Vegan)*, Glyceryl MonoStearate*, Cyclomethicone (Silica), Tocopheryl (Vitamin E), Dioscorea Villosa (Wild Yam) Root Extract*, Glycine Soja (Soybean) Sterols*, Palmitoyl Pentapeptide-3, Cucumis Sativus (Cucumber) Fruit Extract*, Bladderwrack* (seaweed), Saccharomyces / Sea Salt Ferment, Guarana (Paullinia)*, Cetyl Alcohol.

Ingredient Highlights

Squalane (Olive): Colorless and odorless, it is steam distilled from olive oil. No chemical solvents are used in the process. Think of squalane as the "best" component of olive oil for the skin. It is soft, silky and non-greasy to the touch. It is structured much the same as Vitamin A, which is one of the main nutrients necessary for healthy skin. Because squalane oil is so fine, it is absorbed deep into the skin very quickly. It has a natural affinity to the skin because it is one of the components of human sebum. Squalane boosts the skin's ability to naturally regenerate, nourish, hydrate, oxygenate and protect itself. It has been found that as we age our skin produces less squalane, one of the reasons our skin ages. Squalane also acts as a natural barrier to hold moisture in our skin. Besides the emollient, moisturizing and barrier qualities of squalane, it helps to discourage the growth of bacteria that can block normal cell development. It will clear up difficult skin problems (acne, eczema, dermatitis, rashes, brown age spots, dry scaly skin, etc.).

Avocado Oil: (Persea Gratissima) This oil is extracted directly from the dehydrated flesh of the avocado fruit, used for its lovely texture and softness on the skin. Easily absorbed by the skin, it is a good source of vitamins A, B, D & E, protein, lecithin, fatty acids, amino acids and sterols. Known to accelerate healing, recommended for chronic eczema and other skin disorders. One of the few vegetable oils containing protein, avocado oil penetrates the skin deeply without leaving an oily film on the skin. Promotes the regeneration of scarred skin. Softens and conditions dry, flaky skin and scalp. Highly compatible with human skin, this oils also offers some natural UV ray protection.

Bladderwrack* (seaweed) Extract: Extract derived from seaweed; it can be an effective antioxidant and has water-binding properties for skin.

*organic, wild crafted and sustainable sources. carbon balanced.

MOISTURIZERS

Chamomile Soothing Moisture Cream

Skin Type: Dry/Sensitive pH 6.8

Product Description: Soothes irritated and problematic skin. Chamomile has flavonoids that can diminish skin blemishes and assists in healing. This soothing moisturizer includes an excess of 18% oils of Jojoba, Avocado and Grapeseed, plus 2% Shea Butter, Vegetable Glycerine* and Vitamin E. Smooth application without a tacky after-feel and performing as a great moisturizer. Includes Grape Seed Extract as an antioxidant and free radical reducer for damaged and stressed skin. Wild Mushroom Extract acts as an astringent with a firming action.

Retail Size: 2 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing and toning, apply a small amount to face and neck and massage in gently.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Persea Gratissima (Avocado Seed) Oil*, Simmondsia Chinesis (Jojoba Seed) Oil*, Vitis Vinefera (Grape Seed) Oil*, Vegetable Glycerine*, Capric/Caprylic Triglycerides, Butyrospermum Parkii* (Shea Butter), Stearic Acid (Vegan)*, Glyceryl MonoStearate*, Cyclomethicone (Silica), Tocopheryl (Vitamin E), Palmitoyl Pentapeptide-3, Cucumis Sativus* (Cucumber) Fruit Extract, Chamomilla Matricaria Flower Extract* (Chamomile), Camellia Sinensis (Japanese Green Tea) Leaf Extract*, Quaternized Wheat Protein*, Ganoderma Lucidum (Mannentake Mushroom) Extract* & Lentinus Edodes (Shiitake Mushroom) Extract*, Cetyl Alcohol.

Ingredient Highlights

Grape Seed: Contains the powerful anti-oxidant proanthocyanidin, which supports the actions of vitamin E and beta-carotene, and increases the action of Vitamin C. Speeds wound healing, regenerates damaged blood vessels, and helps clear potentially pathogenic bacteria from wounds. Also enhances the formation of epidermal tissue, and has anti-inflammatory properties.

Mushroom Extracts: The anti-aging range features a Natural Shiitake Complex, which includes both Shiitake and Mannentake mushrooms. This mushroom complex has been shown to provide beneficial antioxidant activity and help block the production of harmful proteins that can cause collagen breakdown.

Wheat Protein: Proteins are the fundamental components of all living cells and include a diverse range of biological substances, such as enzymes, hormones, and antibodies, that are necessary for the proper functioning of any organism, plant or animal. The human body contains perhaps 100,000 different proteins, each composed of an assortment of 20 or so amino acids. The sequence of these amino acids determines the unique properties of each protein, such as, for example, its role as an enzyme acting as a catalyst for a specific biochemical reaction. If even one of the essential amino acids is missing, the protein cannot be formed.

*organic, wild crafted and sustainable sources. carbon balanced.

MOISTURIZERS

Mango Butter Protection Cream

Skin Type: Dry/Mature pH 6.8

Product Description: A mango butter facial cream containing super moisturizing properties. Hyaluronic Acid has excellent water retaining properties, visually it gives fullness to the face and when applied to skin, eases wrinkles, fine lines and smoothes the surface with a slight "plumping" action. This velvety cream base contains a natural blend of 5 oils and exotic Mango and Shea Butter, to increase elasticity and ease dryness.

Retail Size: 2 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing and toning, apply a small amount to face and neck and massage in gently.

Product Ingredients: Aloe Vera Gel, Sodium Hyaluronate, Butyrospermum Parkii* (SheaButter), Mangifera Indica (Mango Butter) Seed Oil*, Olea Europaea (Olive) Oil*, Prunus Dulcis (Almond) Oil*, Persea Gratissima (Avocado) Oil*, Helianthus Annuus (Sunflower) Seed Oil*, Vitis Vinifera (Grape) Seed Oil*, Capric/Caprylic Triglycerides (Coconut Oil)*, Vegetable Glycerin, Stearic Acid (Vegan)*, Glyceryl Stearate, Cetyl Alcohol, Aloe Barbadosensis (Aloe) Leaf Juice*, Tocopherol (Vitamin E), Camellia Sinensis (Japanese Green Tea) Leaf Extract*, Cyclomethicone (Silica), Triethanolamine.

Ingredient Highlights

Mango Butter: (Mangifera Indica) Mango butter is another tropical butter that has a similar composition to shea and cocoa, however the fatty acid content profile is slightly different and enhances the spectrum of natural EFAs (essential fatty acids), antioxidants and vitamins. It smells sweet and nutty in its pure form, generally has a warm creamy color and is solid at room temperature. It also melts at body temperature or upon contact with skin and disperses smoothly, providing a protective, emollient layer. Due to its high in unsaponifiables levels, mango butter has excellent emollient properties, high oxidative ability, as well as wound healing and regenerative activity.

Shea Butter: (Butyrospermum Parkii) The natural fat obtained from the fruit of the Karite tree helps protect the skin from dehydration and other climatic influences. It also restores skin suppleness, increases moisturization, improves elasticity retention, assists cellular regeneration, and can improve the appearance of dry, irritated skin. Rich in essential fatty acids and vitamins A and E, shea butter heals, soothes, and protects the skin from environmental damage. Safe for even sensitive, fragile skin, it is a superb, easily-absorbed emollient. Shea butter has a high content of unsaponifiable and cinnamic esters, which have antimicrobial and moisturizing properties and provide protection from the UV rays of the sun. These unsaponifiables (plant steroids or sterolins) soften the skin, have superior moisturizing effect on the upper layer of the skin, and can reduce scars.

Vitamin E: An anti-oxidant and cellular renewal ingredient that when combined with vitamins A and C acts as a preservative in the oil phase of cosmetic formulations.

*organic, wild crafted and sustainable sources. carbon balanced.

MOISTURIZERS

Jojoba Light Moisture Cream

Skin Type: Normal to Dry pH 6.8

Product Description: The perfect blend of Jojoba, Avocado and Grapeseed, plus Shea Butter, Vegetable Glycerine* and Vitamin E that leaves skin nourished by with a matte finish. Great base for make-up.

Retail Size: 2 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing and toning, apply a small amount to face and neck and massage in gently.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Persea Gratissima (Avocado Seed) Oil*, Simmondsia Chinesis (Jojoba Seed) Oil*, Vitis Vinefera (Grape Seed) Oil*, Vegetable Glycerine*, Capric/Caprylic Triglycerides, Butyrospermum Parkii* (Shea Butter), Stearic Acid (Vegan)*, Glyceryl MonoStearate*, Cyclomethicone (Silica), Tocopheryl (Vitamin E), Cetyl Alcohol.

Ingredient Highlights

Jojoba Oil: In reality jojoba oil is not an oil but a liquid wax. Because it's composed of wax esters, it is extremely stable. Works as an effective cleanser, conditioner, moisturizer and softener for the skin and hair. It can be applied directly to the skin to soften the skin, reduce wrinkles and stretch marks, lighten and help heal scars, and promote healthy scalp and hair. The structure of jojoba oil closely resembles that of your own skin sebum, the natural coating our body produces to protect the skin and keep it supple. Our skin loses sebum with age, sun, wind, cold and the environment. Jojoba contains protein, minerals and a waxy substance that mimics collagen. If your skin has an over production of sebum, jojoba oil will dissolve clogged pores and restore the skin to its natural pH balance. The reason jojoba oil works so well is that it actually penetrates the skin easily, because it is accepted as sebum.

Avocado Oil: (Persea Gratissima) This oil is extracted directly from the dehydrated flesh of the avocado fruit, used for its lovely texture and softness on the skin. Easily absorbed by the skin, it is a good source of vitamins A, B, D & E, protein, lecithin, fatty acids, amino acids and sterols. Known to accelerate healing, recommended for chronic eczema and other skin disorders. One of the few vegetable oils containing protein, avocado oil penetrates the skin deeply without leaving an oily film on the skin. Promotes the regeneration of scarred skin. Softens and conditions dry, flaky skin and scalp. Highly compatible with human skin, this oils also offers some natural UV ray protection.

Vitamin E: An anti-oxidant and cellular renewal ingredient that when combined with vitamins A and C acts as a preservative in the oil phase of cosmetic formulations.

MOISTURIZERS

Topical C AntiOxidant Perfecting Cream

Skin Type: Dry/Mature pH 6

Product Description: One of the modern wonders of skincare is from oranges! Vitamin C Actives are one of the best ingredients that we can use for anti-aging and anti-oxidant protection. The added benefit is our delivery enhancement. We created a much smaller Vitamin C molecule which can penetrate the top, dead, layer of skin and deliver the active to the tissues where you can gain the benefits of the vitamin C. Our moisturizer even helps reduce the signs of aging and sun damage.

Retail Size: 2 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing and toning, apply a small amount to face and neck and massage in gently.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Persea Gratissima (Avocado Seed) Oil*, Simmondsia Chinensis (Jojoba Seed) Oil*, Vitis Vinifera (Grape Seed) Oil*, Vegetable Glycerine*, Phospholipids, Ascorbyl Palmitate (Vitamin C), Capric/Capryllic Triglycerides, Butyrospermum Parkii* (Shea Butter), Stearic Acid (Vegan)*, Glyceryl MonoStearate*, Cyclomethicone (Silica), Tocopheryl (Vitamin E), Cetyl Alcohol, Essential Oils* of Orange, Tangerine and Lime.

Ingredient Highlights

Vitamin C: Actives has been widely used in various cosmetics and quasi-drugs because of its advantageous properties such as inhibitory effects on melanogenesis, promotion of collagen synthesis, and prevention of lipid peroxidation. The use of Ascorbyl Palmitate in cosmetics and cosmeceuticals is an important factor in preventing dry skin, sunburn, chloasma and ephelides, and in keeping the skin healthy and young. Vitamin C is especially useful in anti-wrinkle and skin lightening formula.

Shea Butter: (Butyrospermum Parkii) The natural fat obtained from the fruit of the Karite tree helps protect the skin from dehydration and other climatic influences. It also restores skin suppleness, increases moisturization, improves elasticity retention, assists cellular regeneration, and can improve the appearance of dry, irritated skin. Rich in essential fatty acids and vitamins A and E, shea butter heals, soothes, and protects the skin from environmental damage. Safe for even sensitive, fragile skin, it is a superb, easily-absorbed emollient. Shea butter has a high content of unsaponifiable and cinnamic esters, which have antimicrobial and moisturizing properties and provide protection from the UV rays of the sun. These unsaponifiables (plant steroids or sterolins) soften the skin, have superior moisturizing effect on the upper layer of the skin, and can reduce scars.

Orange Oil: Used in bath teas, masks and scrubs for exfoliation and natural scent. One of the best acne remedies. It may also have applications as a topical anti-fungal agent.

MOISTURIZERS

SunShield SPF 30

Skin Type: All pH 6.8

Product Description: Optimal for sensitive or traumatized skin and safe for children. A true broad-spectrum UVA/UVB sunscreen perfect for daily use. Tinted with mica to give the skin the perfect glow.

- * True broad-spectrum UVA/UVB protection
- * Non-chemical sunscreen
- * Moisturizing and healing properties
- * PABA-free and fragrance-free
- * Elegant formulation ideal for daily use and can be applied under makeup
- * Formulated for skin sensitive to traditional sunblocks and post-treatment patients

Retail Size: 4 oz Pump

Professional Size: 16 oz Pump

Product Directions: Apply liberally to all exposed areas of the skin 20 minutes before sun or water exposure. Use before applying makeup. To maintain protection, reapply often if active.

Product Ingredients: Drug Facts

Active Ingredients	Purpose
Titanium Dioxide 5%	Sunscreen
Zinc Oxide 5%	Sunscreen

Uses: Helps prevent sunburn. Provides true broad-spectrum UVA/UVB protection.

Warnings: For External use only. Keep out of eyes. Rinse with water to remove.

Inactive Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Persea Gratissima (Avocado Seed) Oil*, Simmondsia Chinesis (Jojoba Seed) Oil*, Vitis Vinefera (Grape Seed) Oil*, Vegetable Glycerine*, Capric/Caprylic Triglycerides, Butyrospermum Parkii* (Shea Butter), Stearic Acid (Vegan)*, Glyceryl MonoStearate*, Cyclomethicone (Silica), Tocopheryl (Vitamin E), Cetyl Alcohol, Mica.

Ingredient Highlights

Titanium Dioxide: The ideal sunscreen agent would be chemically inert, safe, and absorb or reflect through the full UV spectrum. Titanium dioxide meets these criteria limited only by aesthetics. By decreasing the particle size of this pigment to microsize or ultrafine grades, thereby making it less visible on the skin surface, some of these advantages could be used. This ingredient can be classified as a broad-spectrum agent.

Zinc Oxide: Having been used for many years in opaque blocks, zinc oxide has recently been approved by the FDA as an allowable active ingredient in sunscreen products. Like titanium dioxide, microsize or ultrafine grades of this ingredient have been developed, offering some of the same advantages and disadvantages described above, including the ability to provide more full-spectrum protection. Zinc oxide is less whitening in this form than titanium dioxide and provides better UV-A I protection.

Green Tea: Green tea is often included in anti-aging skincare products for its antioxidant properties. It has three major benefits – that being a powerful antioxidant and thereby reducing free radical damage in the skin.

MOISTURIZERS

Glycolic Regenerating Lotion

Skin Type: All except Sensitive pH 6

Product Description: Specially formulated to treat dehydrated, rough and sun damaged skin. Smooths the appearance of fine lines, and imperfections and helps to restore proper moisture balance. It is light enough to use on problem skin that needs the glycolic to purify pores while balancing oil.

Retail Size: 2 oz Jar

Professional Size: 16 oz Jar

Product Directions: After cleansing and toning, apply a small amount to face and neck and massage in gently.

Product Ingredients: Aloe barbadensis (Aloe Vera) Extract, Emulsifying Wax NF, Lactic Acid, Sodium Lactate, Stearic Acid, Corylus avellana (Hazelnut) Oil, Glycerin, Simmondsia chinensis (Jojoba) Seed Oil, Butyrospermum parkii (Shea) Seed Butter, Prunus amygdalis var. Dulcis (Sweet Almond) Seed Oil, Quaternium-79 Hydrolyzed Wheat Protein, Phenoxyethanol, Caprylyl Glycol, Sorbic Acid, Allantoin, Frankincense, Sandalwood, Blue Cypress, Neroli, and Rose.

Ingredient Highlights

Orange Peel Powder: Used in bath teas, masks and scrubs for exfoliation and natural scent. One of the best acne remedies. It may also have applications as a topical anti-fungal agent.

White Willow: Rich in phenolic compounds and salicin (glycoside of salicyl alcohol). Its constituents are salicylic glycosides and tannins, which contribute to its analgesic properties. A natural form of salicylic acid, a beta hydroxy acid.

Vitamin E: An anti-oxidant and cellular renewal ingredient that when combined with vitamins A and C acts as a preservative in the oil phase of cosmetic formulations.

*organic, wild crafted and sustainable sources. carbon balanced.

MOISTURIZERS

Red Wine Butter de Cabernet

Skin Type: Normal/Tired/Dry/Mature pH 6.8

Product Description: Our rich cream battles damage from free radicals. It hydrates even the driest of skin while Hyaluronic Acid has excellent water retaining properties. Visually it gives fullness to the face and when applied to skin, eases wrinkles, fine lines and smoothes the surface with a nice "plumping" action.

Retail Size: 2 oz Jar

Professional Size: 8 oz Jar

Product Directions: After cleansing and toning, apply a small amount to face and neck and massage in gently.

Product Ingredients: Aloe Vera Gel*, Sodium Hyaluronate, Butyrospermum Parkii* (SheaButter), Mangifera Indica (Mango Butter) Seed Oil*, Olea Europaea (Olive) Oil*, Prunus Dulcis (Almond) Oil*, Simmondsia Chinensis (Jojoba) Seed Oil*, Organic Red Wine Extract*, Persea Gratissima (Avocado) Oil*, Helianthus Annuus (Sunflower) Seed Oil*, Vitis Vinifera (Grape) Seed Oil*, Capric/Caprilic Triglycerides (Coconut Oil)*, Vegetable Glycerin, Stearic Acid (Vegan)*, Glyceryl Stearate, Cetyl Alcohol, Aloe Barbadosensis (Aloe) Leaf Juice*, Tocopherol (Vitamin E), Camellia Sinensis (Japanese Green Tea) Leaf Extract*.

Ingredient Highlights

Organic Red Wine Extract: Our red wine is rich in various types of antioxidants that prevent and protect against disease. It also contains polyphenols which have a positive impact on the body's vascular system, and stimulates the immune system to be more antiviral & antibacterial.

Grape: Used in extract form, it is described as tonic, with anti-inflammatory, redness-reducing, and decongestant properties. It is also an antioxidant. All of these traits make it particularly beneficial in antiaging, after-sun and other suncare products. Grape's main constituent is a high proportion of berberin, with oxycanthin also present. Grapes contain vitamin C, chlorophyll, and enzymes.

Grape Seed Extract: Considered a counterirritant with soothing, antioxidant and antibacterial properties. Grapeseed extract contains polyphenols and high levels of procyanidins (they support blood vessel health).

HAIR PRODUCTS

Fresh Hemp with Omega-3 Shampoo

Product Description: Formulated using the extracted esters of Hemp Oil, which adds emolience and shine to hair; without a flat, greasy after-feel. The omega 3 & 6 properties offer needed strength for the scalp and hairshaft. Mild on all hair types with vegetable based cleansers, Extracts of Aloe, Chamomile, Calendula, Red Clover, Willow Bark and Elder Flower are used to replenish, highlight and control your hair. Panthanol (Pro Vitamin B 5) acts as a conditioner.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Wet hair, apply shampoo and lather. Leave on for 1-2 minutes; rinse well. Follow with conditioner as needed.

Product Ingredients: De-Ionized Spring Water, Alkyl Polyglucosides (Corn Starch), Cocamidopropyl Betaine (Coconut Oil)*, Sodium Cocoamphoacetate (Coconut Oil)*, Cannabis Sativa Seed Oil*, Sodium Chloride, Vegetable Glycerine*, Panthanol (Pro Vitamin B5), Salix Alba (White Willow) Bark Extract*, Chamomilla Recutita (Matricaria) Flower Extract* (Chamomile), Trifolium Pretense (Red Clover) Flower Extract*, Sambucus Nigra (Elder) Flower Extract*, Essential Oils* of Spruce Needle, Pine Needle, Fir Needle, Cedarwood, Omanese Frankincense, Ylang Ylang.

Ingredient Highlights

Hemp Oil: This oil is one of the richest sources of polyunsaturated fats known to mankind. This includes both essential fatty acids (Omega 3 and Omega 6) and GLA (gamma linolenic acid), which make it an excellent natural emollient and moisturizer. It is 57% linoleic and 19% linoleic acids.

Hemp is a wonderful oil for dry or mature skin since it is said to help stimulate cell growth. It has high levels of essential fatty acids, including linolenic acid. Natural hemp seed oil is dark green and has a nutty rich scent. Body care products containing hemp seed oil may help reduce skin discomfort by soothing & restoring dry/damaged skin. Regular use of hemp seed oil on the skin may help slow down the effects of skin aging and leave the skin soft, smooth and moisturized.

Calendula: An astringent, anti-inflammatory, moisturizing, soothing, softening botanical. One of the most useful and versatile herbs used in skin care to cleanse, soften, and soothe the skin. It also aids in the healing of inflammation, bruising, and burns.

Red Clover: Can have antioxidant and anti-inflammatory properties. Red clover does contain high concentrations of four major isoflavones.

*organic, wild crafted and sustainable sources. carbon balanced.

HAIR PRODUCTS

Nourishing Hemp with Omega-3 Conditioner

Product Description: This deep penetrating conditioner uses Olive, Coconut, Castor and Meadowfoam Seed Oils to add natural emolience back into the hair shaft, without additional oiliness. Panthanol, Chamomile, Lactic Acid and modified Guar Gum give hair body and shine. Safe for permanent and colored hair and a savior from heavy chlorinated pools, salt water or frizzed conditions from a blow drier.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Apply after shampooing; leave on 2-3 minutes. Rinse thoroughly.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Vegetable Glycerine*, distearyldimonium chloride, cetyl alcohol, stearyl alcohol, stearyl konium chloride, dimethyl stearamine, glycerol distearate, olea europaea (olive) fruit oil, Cannabis Sativa Seed Oil*, cocos nucifera (coconut) seed oil*, limnanthes alba (meadowfoam) seed oil*, castor isostearate succinate (castor)*, triticum vulgare (wheat) protein, roman anthemis nobilis (chamomile) flowers*, cyclopentasiloxane, steapyrium chloride, lactic acid, Panthenol (B5)* (pro vitamin B5), guar hydroxypropyltrimonium chloride, Essential Oils* of Spruce Needle, Pine Needle, Fir Needle, Cedarwood, Omanese Frankincense, Ylang Ylang.

Ingredient Highlights

Meadowfoam: Meadowfoam seed oil is derived from the seeds of Alba plants grown in Oregon. The seeds are harvested within their first year of growth and at that immature age they have 97% fatty acid content and a very small molecular structure. This structure makes this oil one of the most penetrating oils available in the skin care industry and it is one of the most stable lipids known.

Guar Gum: A natural resin from the seeds of an Asian tree. Thickener, plasticizer and emulsifier.

Lactic Acid: One of the five most beneficial AHAs, it is naturally occurring in milk fermentation. A mild exfoliant that helps reduce wrinkles and improve the skin's texture. Very softening and moisturizing.

HAIR PRODUCTS

Smoothing Leave-in Conditioner

Product Description: Smells like a walk through a citrus grove. Designed to recondition and revitalize the look and texture of your hair with no flaky build up or residue...even when used daily. A Leave In Conditioner thats loaded with emollience, for added shine, fullness and color definition. Blended with avocado oil, glycerine and conditioning agents for easy comb through, it will impart a healthy glow and added hold. Either style or naturally dry your hair. Notice the improvement in body and volume from your first application.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Diections: Towel dry hair. Apply a to hair and rub in with your hands or comb through. Style as usual.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, distearyldimonium chloride, vegetable glycerin, cyclopentasiloxane (dimethicone), castor isostearate succinate (castor oil)*, persea gratissima (avocado) fruit oil*, triticum vulgare (wheat) protein, polydimethylsiloxane quaternary, steapyrium chloride, hydroxyl ethyl cellulose, cetyl alcohol, stearyl alcohol, cetareth-6, lecithin, guar hydroxypropyltrimonium, lactic acid, Citrus Aurantium Dulcis (Orange) Fruit Extract*.

Ingredient Highlights

Dimethicone: Substance derived from silica (sand is a silica). The unique fluid properties of silicone give it a great deal of slip, and in its various forms it can feel like silk on the skin, impart emolliency, and be a water-binding agent that holds up well, even when skin becomes wet. In other forms, it is also used extensively for wound healing and for improving the appearance of scars.

Castor Oil: Also known as Palm Christi Oil, this oil is rich in fatty acids. It is very soothing and lubricating to the skin and acts as a humectant attracting moisture to the skin. Creates a protective barrier on the skin and is soothing. Castor oil is part alcohol and part oil. It is mainly composed of ricinoleic acid (87%), a fatty acid with an unusual molecular structure. It is used in hair oils, balms, and other thick emulsions for the skin and hair. As a therapeutic treatment, castor will penetrate the skin carrying the essential oils with it, making it effective for arthritis and deep muscle aches.

Lecithin: Present in all living cells, it is a waxy oil derived from soybeans and eggs that has great water binding abilities, and acts as an anti-oxidant, and emulsifier.

Developed for all hair types. The result: Beautiful, smooth hair in harmony with nature.

-Scented and enhanced with an exclusive blend of pure therapeutic-grade Essential Oils, in a rich plant-based shampoo.

-Balances oil production, normalizing both dry and oily hair.

-Helps repair damaged hair and keeps it looking healthy.

-100% Pure Plant-Based Ingredients

-No Petroleum Products, Parabens, Synthetic Fragrances, "Parfums", "Botanical Parfums", Artificial Colors, Formaldehyde or Sodium Lauryl Sulfate.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Wet hair, apply shampoo and lather. Leave on for 1-2 minutes; rinse well. Follow with conditioner as needed.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Rich Coconut Cleansing Complex (Ammonium Lauryl Sulfate, Ammonium Laureth Sulfate, CDE and Cocamidopropyl Betaine); Hawaiian Awapuhi extract, Pure Therapeutic Grade Essential Oils* Blend: Jasmine, (*Jasminum grandiflorum*), Clementine (*Citrus clementina*), Rose Maroc (*Rosa centifolia*), Sweet Orange (*Citrus sinensis*), Ylang Ylang (*Cananga odorata*), Lemon (*Citrus limonum*), Sweet Basil (*Ocimum basilicum*), Chamomile Roman (*Anthemis nobilis*), Muhuhu (*Erachyleana huthinsii*), Petitgrain (*Citrus aurantium*); Glycerine (from vegetable sources), Vitamin E.

Ingredient Highlights

What a glorious exotic family are the tropical `awapuhi! All the members of the `awapuhi `ohana are known for their pungent pleasant aroma and/or their beauty. Finally, perhaps the most common use of `awapuhi kuahiwi is as a shampoo and conditioner for the hair. The clear slimy and sudsy juice present in the mature flower heads is excellent for softening and brings shine to the hair. It can be left in the hair or rinsed out, as you wish. Often we pick or cut the flowerheads of this plant in the forest, as we approach a pool or waterfall for a refreshing summer bath, leave the flowers atop a nearby rock, and then squeeze the sweet juices into our hair and over our bodies when our swim is completed. The sudsy juice is excellent for massage, too, either by the pool or at home.

Our Coconut Oil Cleansing Complex is one of the most gentle yet effective lathering formulas available. No irritating sodium laurel or laureth sulfates.

Jasmine grandiflorum is known as "the king of flowers" and with good reason. It's one of the oldest and most widely used of all scented botanicals. Native to tropical areas of Asia and Africa, it was introduced to Europe in the early 17th century and quickly became the base note of choice for perfumers.

Jasmine blossoms are extremely fragile, must be hand-picked and then processed quickly and without heat to avoid degradation of the delicate volatile oils. In fact, jasmine blossoms are so delicate that jasmine is one of the few essential oils still being routinely manufactured by the ancient process of enfleurage.

HAIR PRODUCTS

Clean Mist

Rosemary and Mint Shampoo

Product Description: Rich, nutritious Coconut ingredients gently cleanse and nourish your hair. This all natural plant based shampoo is enhanced with pure Essential Oils that normalize oil production, enhance circulation and support the health of hair and scalp on the cellular level. Hawaiian Awapuhi extract, Vitamin E and a complete Vitamin B complex create beautiful, smooth hair full of health and radiance. Scented and enhanced with an exclusive blend of pure therapeutic-grade Essential Oils* of Rosemary, Peppermint and Spearmint that offers a fresh, invigorating and revitalizing aromatherapy experience - this synergy provides a complete Aromatherapy experience. Developed for all hair types. The result: Beautiful, smooth hair in harmony with nature.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Wet hair, apply shampoo and lather. Leave on for 1-2 minutes; rinse well. Follow with conditioner as needed.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Rich Coconut Cleansing Complex (Ammonium Lauryl Sulfate, Ammonium Laureth Sulfate, CDE and Cocamidopropyl Betaine); Hawaiian Awapuhi extract, Pure Therapeutic Grade Essential Oils* Blend: Rosemary (*Rosmarinus officinalis*), Peppermint (*Mentha piperata*), Spearmint (*Mentha cardiaca*), Cedarwood (*Juniperus virginiana*), Juniper Berry (*Juniperus communis*), Clary Sage (*Salvia sclarea*), Bay Laurel (*Laurus nobilis*), Sage (*Salvia officinalis*), Lemon Myrtle (*Backhousia citriodora*), and Vetiver (*Vetiveria zizanioides*), Panthenol (B5)*, Vitamin E, Sodium Chloride.

Ingredient Highlights

What a glorious exotic family are the tropical `awapuhi! All the members of the `awapuhi `ohana are known for their pungent pleasant aroma and/or their beauty. Finally, perhaps the most common use of `awapuhi kuahiwi is as a shampoo and conditioner for the hair. The clear slimy and sudsy juice present in the mature flower heads is excellent for softening and brings shine to the hair. It can be left in the hair or rinsed out, as you wish. Often we pick or cut the flowerheads of this plant in the forest, as we approach a pool or waterfall for a refreshing summer bath, leave the flowers atop a nearby rock, and then squeeze the sweet juices into our hair and over our bodies when our swim is completed. The sudsy juice is excellent for massage, too, either by the pool or at home.

Our Coconut Oil Cleansing Complex is one of the most gentle yet effective lathering formulas available. No irritating sodium laurel or laureth sulfates.

Rosemary is a shrubby, evergreen herb that can grow up to 6 feet high. It has silvery-green, needle-like leaves and small, pale blue flowers. It is native to the Mediterranean area and is commonly used for culinary purposes. The essential oil is distilled from the entire aromatic plant. Rosemary essential oil is available in a variety of chemotypes. This particular chemotype, Rosemary Verbenone, is the best rosemary for skin care and has an especially pleasing aroma. Fights all types of respiratory infections--colds, flu, sinusitis, bronchitis. Relieves congestion. Supports the immune system. Digestive tonic.

*organic, wild crafted and sustainable sources. carbon balanced.

HAIR PRODUCTS

Oat & Quinoa "KEEN-wah" Fortifying Spray Hair Conditioner

Product Description: Pronounced "KEEN-wah", Quinoa protein is hydrolyzed from the Quinoa grain. Quinoa Protein offers a, unique, combination of molecular weight amino acids offering penetration for enhanced hair and skin nourishment, along with film forming activity for greater repair, hydration and shine. Considered to be a complete protein, it contains all 8 of the essential amino acids with the highest level of protein among grains. High levels of Cysteine, Cystine, Lysine, Methionine, Tryptophane and Tyrosine greatly enhance its ability to assist in the repair, protection and conditioning of both hair and skin. This conditioner is a natural, vitamin and mineral tonic that is designed to restore vital nutrients for hydration, volume, lustre, shine, smoothness and damage repair. If you struggle with hair that tangles for no reason, is dull, lifeless, flat and hard to manage, this is the product that you've been looking for. Spritz onto hair for instant lustre, and body, for beautiful bouncy hair.

Retail Size: 4 oz Spray

Professional Size: 8 oz Spray

Product Directions: Spray onto damp, or dry, hair. Comb to distribute, or scrunch to tighten curl. Style as usual. Mist throughout the day to freshen style and feed the hair and scalp with vitamins, minerals and hydration.

Product Ingredients: Aloe barbadensis (Aloe Vera) Leaf Juice, EcoCert Trimethylglycine (Beta vulgaris (Beet)) Sugar Extract, EcoCert Propanediol (Corn) Sugar Fermentation, Sodium Chloride, Dunaliella salina (Algae) Extract, Panthenol (ProVitamin B5), Hydrolyzed Quinoa Protein, EcoCert Gluconolactone, Hydrolyzed Avena sativa (Oat) Protein, Creatine, Citrus paradisi (grapefruit), Coriandrum sativum (coriander), Vanilla planifolia (vanilla)co2, Elettaria cardamomum (cardamom), Vanilla planifolia (vanilla) absolute, Citrus reticulata (tangerine), Zingiber officinale (ginger), Pimpinella anisum (anise), Lavendula angustifolia (lavender) absolute, Piper nigrum (black pepper), EcoCert Sodium Benzoate.

Ingredient Highlights

Glycine Betaine (Beta vulgaris (Beet)) Sugar Extract: a food grade moisturizer and anti-irritant, naturally, derived from a renewable source of Beet Sugar. Being a betaine, and one of the four classes of osmolytes, it acts to maintain intracellular water levels, preventing damage due to environmental stressors such as UV radiation, and oxidation. This important function allows the cells to function more efficiently, preventing damage and the dehydration responsible for the look of parched, sallow and discolored skin. Unlike traditional humectants, which draw moisture from the environment, Beet Sugar adds hydration directly, through it's abundant source of sacharides making it a suitable choice for any climate or environment. With it's cellular hydrating activity Beet Sugar is the perfect choice for any formulas designed to improve skin function, especially anti-aging skin care and super moisturizing body care.

Panthenol: "ProVitamin B5" or "Pantothenic Acid", 100% panthenol is an additive no hair care / skin care product should be without. It's strengthening properties are well-known and widely used in professional hair care formulations where it also provides lustre to the hair when used at 2.0%. Also well known for it's anti-inflammatory properties for professional skin care formulations where it also acts as a powerful redness reducer when used at only 1.0%.

Oat Flour: Standardized to include a whopping 5% Beta Glucans (which boost the skin's won immuno functions). Oat has a wide array of skin & hair benefits, including: Reducing irritation associated with alpha hydroxy acids.

* Reducing sunburn cell formation upon skin exposure to UVA radiation. * Revitalizes and rejuvenates. * Repairing the epidermal skin barrier. * Inhibiting free radical formation associated with photo-aging of the skin. Stimulating collagen growth as an aid to wrinkle reduction. * Excellent Film Former. * Well known propensity as an anti-inflammatory ingredient. * Outstanding Moisturizing and humectant properties. * Natural Antioxidant.

*organic, wild crafted and sustainable sources. carbon balanced.

BODY PRODUCTS

Rain Moisture Foaming Bath Salts

Product Description: Turn your bath into a relaxing rain filled aromatherapy experience. Combine the benefits of a sea salt bath, with the luxury of a bubble bath...together in one package. This sea salt recipe will soften and replenish the skin, while the gentle bubbles will give a spa sensation.

Retail Size: 8 oz Jar

Professional Size: 16 oz Jar

Product Directions: Pour salts into the water while the water is running to enhance foaming.

Product Ingredients: Sodium Chloride (New Mexican Sea Salt), Sodium Cocoyl Isothionate, Cocamidopropyl Betaine (Coconut Oil)*, Sodium Bicarbonate, Tri-Calcium Phosphate, Essential Oils* of Spruce Needle, Pine Needle, Fir Needle, Cedarwood, Omanese Frankincense, Ylang Ylang.

Ingredient Highlights

New Mexican Sea Salt: This ingredient acts as a natural preservative, is used primarily as a binding agent in skin care products and occasionally employed as an abrasive in scrub products. Its natural cleansing, anti-inflammatory, antiseptic and astringent properties are beneficial in skin solution.

Ylang Ylang Oil: It has a distinctive sweet, floral-balsamic, slightly spicy quality. It's known as an anti-depressant, relaxing to body, mind and spirit, as well as an aphrodisiac. It can calm anger, aggression and anxiety, release tension, lift depression, balance, relax and generally stabilize mood swings. Physically, it has been used to lower blood pressure, ease muscle spasms and tense muscles, prevent fever and fight infections, assist with rapid breathing, shock, heartbeat and nervous conditions, and treat PMS, menopausal symptoms, impotence and frigidity. Ylang oil can have a soothing effect on the skin and its stimulating effect on the scalp may promote more luxurious hair growth. In an oil or cream, it balances sebum production and is most helpful for normal to oily skin. It also can fight the bacteria that often contribute to acne.

Pine Needle: Components of this extract, specifically linolenic and linoleic acids, can have antioxidant properties and antibacterial properties for skin.

*organic, wild crafted and sustainable sources. carbon balanced.

BODY PRODUCTS

Natural Tan Indoor Lotion

Product Description: Look like you just got back from a vacation....overnight. This high quality sunless tan lotion includes vitamin E, shea butter and natural oils. It goes on evenly, absorbs quickly, non-staining and gives results in as little as 4 hours. Stays for up to a week with a single application.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: For best results, exfoliate first using salts or a dry brush. Apply even coat. Wash hands after application to avoid staining.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Helianthus Annuus (Sunflower) Seed Oil*, Soja Hispida (Soya Bean) Oil*, Dihydroxyacetone (DHA from Sugar), Capric/Caprylic Triglycerides (Coconut Oil)* (Coconut)*, Emulsifying Wax NF, Stearic Acid (Vegan)*, Butyrospermum Parkii (Shea Butter), Ethoxydiglycol, Aloe Barbadensis (Aloe) Leaf Juice*, Tocopherol (Vitamin E), Camellia Sinensis (Japanese Green Tea) Leaf Extract*, Cetyl Alcohol, Glyceryl MonoStearate*.

Ingredient Highlights

Dihydroxyacetone(DHA): Ingredient present in all self-tanners that affects the color of skin. Derived from sugar, it reacts with amino acids found in the top layers of skin to create a shade of brown; the effect takes place within two to six hours and it can build color depth with every reapplication. It has a long history of safe use.

Caprylic/Capric Triglyceride, a mixed triester of caprylic and capric acids, is a highly refined medium chain triglyceride (MCT) oil possessing excellent oxidation stability with an almost indefinite shelf life. CCT is a desirable emollient with quick skin penetration and has no color, odor or taste. Great as a dispersing agent and useful as a solvent for vitamins and actives. Excellent as a superfatting oil in soapmaking and improves spreading of skincare formulas. Used in massage, it will not stain sheets. Also called Fractionated Coconut Oil.

Stearic Acid (Vegan)*: An emulsifier and thickening agent found in many vegetable fats, it occurs naturally in butter acids, tallow, cascarilla bark and other fats and oils. When a vegetable oil molecule is split in half, glycerin and fatty acids are the result. The fatty acids are reacted with an emulsifier to enable oils to be dispersed through a water base to form a cream or lotion that does not separate. In addition, Stearic Acid (Vegan)* soothes and softens.

*organic, wild crafted and sustainable sources. carbon balanced.

BODY PRODUCTS

Rain Body Butter

Product Description: Add the intense moisture found in a rain forest to nourish your driest skin. A traditional beeswax and borax night cream with origins dating back 100 years ago. Thick, long lasting and capable of moisturizing the driest skin. More like an ointment than a typical cream.

Retail Size: 4 oz Jar

Professional Size: 8 oz Jar

Product Directions: Massage into your skin daily. Great for hands, heels and elbows.

Product Ingredients: Helianthus Annuus (Sunflower) Seed Oil*, Soja Hispida (Soya Bean) Oil*, Simmondsia Chinesis (Jojoba) Seed Oil*, Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Natural Beeswax, Emulsifying Wax NF, Sodium Borate,

Ingredient Highlights

Ylang Ylang Oil: It has a distinctive sweet, floral-balsamic, slightly spicy quality. It's known as an anti-depressant, relaxing to body, mind and spirit, as well as an aphrodisiac. It can calm anger, aggression and anxiety, release tension, lift depression, balance, relax and generally stabilize mood swings. Physically, it has been used to lower blood pressure, ease muscle spasms and tense muscles, prevent fever and fight infections, assist with rapid breathing, shock, heartbeat and nervous conditions, and treat PMS, menopausal symptoms, impotence and frigidity. Ylang oil can have a soothing effect on the skin and its stimulating effect on the scalp may promote more luxurious hair growth. In an oil or cream, it balances sebum production and is most helpful for normal to oily skin. It also can fight the bacteria that often contribute to acne.

Sunflower Oil: (Helianthus annus) This very light oil is obtained from milling sunflower seeds. It is rich in both vitamins A and E, and is very high in essential fatty acids—helping to moisturize, regenerate and condition the skin. Mainly used in products for mature, sensitive, dry and damaged skin, sunflower oil is one of the best oil available for helping strengthen the skin's barrier and for moisturizing acne-prone skin. The skin's barrier and its ability to repair that barrier when it is disrupted are very important in helping the skin maintain good general health and function overall, including decreasing sensitivity, increasing the ability to ward off infection, and maintaining the ability to heal. Skin with good barrier function works better and looks more even, smooth and healthy.

Beeswax: Beeswax is a natural secretion of the honeybees, and in its raw state, has the wonderful sweet aroma of fresh honey. The Beeswax used in skin care is carefully melted and filtered to remove any impurities while leaving some of the delicious scent behind. Beeswax helps to emulsify and thicken lotions and creams, hold together lip and body balms, and forms a protective barrier between your skin and the environment.

*organic, wild crafted and sustainable sources. carbon balanced.

BODY PRODUCTS

Hemp and Omega-3 Breeze Body Lotion

Product Description: This light, highly penetrating lotion is free of any fish products. Using Grapeseed, Hemp, Sweet Almond and Sunflower oils that are cold pressed to retain their minerals, vitamins and essential fatty acids; they also function to condition and replenish the skin. Additional properties from Shea Butter, Japanese Green Tea, Chamomile, Aloe Vera and Vitamin E, makes this a great skin rejuvenator.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Apply to moist skin after bath or shower. Leaves skin with a soft, silky finish.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Cannabis Sativa (Hemp Seed) Oil*, Vitis Vinifera (Grape) Seed Oil*, Prunus Amygdalus Dulcis (Sweet Almond) Oil*, Helianthus Annuus (Sunflower) Seed Oil*, Capric/Capryllic Triglycerides (Coconut Oil)*, Emulsifying Wax NF, Vegetable Glycerin, Stearic Acid (Vegan)*, Butyrospermum Parkii (Shea Butter), Aloe Barbadensis (Aloe) Leaf Juice*, Chamomilla Recutita (Matricaria) Flower Extract* (Chamomile), Tocopherol (Vitamin E), Camellia Sinensis (Japanese Green Tea) Leaf Extract*, Cetyl Alcohol (Fatty Acid), Glyceryl MonoStearate*, Essential Oils* of Spruce Needle, Pine Needle, Fir Needle, Cedarwood, Omanese Frankincense, Ylang Ylang.

Ingredient Highlights

Grape Seed: Contains the powerful anti-oxidant proanthocyanidin, which supports the actions of vitamin E and beta-carotene, and increases the action of Vitamin C. Speeds wound healing, regenerates damaged blood vessels, and helps clear potentially pathogenic bacteria from wounds. Also enhances the formation of epidermal tissue, and has anti-inflammatory properties.

Vegetable Glycerin: A humectant (water-attracting/binding ingredient), emulsifier, and emollient naturally produced from a combination of vegetable fat and water.

Vitamin E: An anti-oxidant and cellular renewal ingredient that when combined with vitamins A and C acts as a preservative in the oil phase of cosmetic formulations.

*organic, wild crafted and sustainable sources. carbon balanced.

BODY PRODUCTS

Hemp and Omega-3 Breeze Body Wash

Product Description: Don't just wash, nourish your skin. Hemp Oil contains natural vitamins, minerals, essential fatty acids and the benefits of Omega 3 and 6...typically available only from fish. Formulated with mild vegetable based cleansers, while including botanical extracts and a high level of aloe; which can assist in alleviating irritation.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Use daily in bath or shower. For best results, use with a net sponge or loofah. Follow with Body Lotion.

Product Ingredients: Aloe Gel*, Sodium Cocoamphoacetate (Coconut Oil)*, Alkyl Polyglucosides (Corn Starch), Cannabis Sativa Seed Oil*, Cocomidopropyl Betaine (Coconut Oil)*, Sodium Chloride, Vegetable Glycerine*, Chamomilla Recutita (Matricaria) Flower Extract* (Chamomile), Salix Alba (White Willow) Bark Extract*, Essential Oils* of Spruce Needle, Pine Needle, Fir Needle, Cedarwood, Omanese Frankincense, Ylang Ylang.

Ingredient Highlights

Aloe Vera: Derived from pure aloe leaf. Soothing, heals wounds, stops bleeding, relieves insect bites and is especially effective for burns. The active ingredients have been found to heal and regenerate skin. In skin care products it leaves a thin film that acts as a barrier to protect the skin. This works as a barrier to keep body fluids from escaping. Aloe vera improves hydration with its natural moisturizing factor and is good for all skin types. Aloe vera is composed of water, the enzymes catalase and cellulose, minerals, calcium, aluminum, iron, zinc, magnesium, sodium, 20 amino acids and carbohydrates.

White Willow: Rich in phenolic compounds and salicin (glycoside of salicyl alcohol). Its constituents are salicylic glycosides and tannins, which contribute to its analgesic properties. A natural form of salicylic acid, a beta hydroxy acid widely used as an exfoliant and to keep pores clean of debris.

Hemp Oil: This oil is one of the richest sources of polyunsaturated fats known to mankind. This includes both essential fatty acids (Omega 3 and Omega 6) and GLA (gamma linolenic acid), which make it an excellent natural emollient and moisturizer. It is 57% linoleic and 19% linoleic acids. Hemp is a wonderful oil for dry or mature skin since it is said to help stimulate cell growth. It has high levels of essential fatty acids, including linolenic acid. Natural hemp seed oil is dark green and has a nutty rich scent. Body care products containing hemp seed oil may help reduce skin discomfort by soothing & restoring dry/damaged skin. Regular use of hemp seed oil on the skin may help slow down the effects of skin aging and leave the skin soft, smooth and moisturized.

BODY PRODUCTS

Sweet Orange Body Firming Luxury Lotion

Product Description: A total body moisturizer with the universal citrus sweet orange for men and women with firming and toning action. Softening oils of grape seed, safflower, sweet almond and shea butter give the performance of a cream. Extracts of ginkgo biloba and olive leaf, blended with white, green and red teas; offer a high level of anti-oxidant properties, functioning as free radical scavengers. Enriched with vitamin E and vitamin B3 (niacine) which is becoming more important for skin repair.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Most effective when used after bath or shower or dry brushing. Massage briskly into skin with firm upward strokes, focusing on upper legs, buttocks and abdomen.

Product Ingredients: Water, Aloe Juice@, Vitis Vinifera (Grapeseed) Oil*, Capric/Capryllic Triglycerides (Coconut Oil)*, Emulsifying Wax NF, Prunus Dulcis (Almond) Oil*, Helianthus Annuus (Sunflower) Seed Oil*, Glyceryl Stearate, Phenyl Trimethicone, Phospholipids, Cetyl Alcohol, Ceteareth-6, Stearyl Alcohol, Vegetable Stearate, Glycerine, Butyrospermum Parkii* (Shea Butter), Glucine, Niacinamide (Vitamin B3), Tocopherol (Vitamin E), Ginkgo Biloba Leaf Extract*, Olea Europaea (Olive) Leaf Extract*, Aspalathus Linearis (Rooibos Red Tea) Leaf Extract*, Camellia Sinesis (White Tea) Leaf Extract*, Camellia Sinensis (Green Tea) Leaf Extract*, Allantoin (Comfrey Root)*, Lactic Acid, Sweet Orange* essential oil.

Ingredient Highlights

Almond Oil: Obtained from pressing almonds and is high in moisturizing fatty acids. Excellent emollient high in oleic, linoleic and other fatty acids, ideal in the treatment of dry skin. Soothes and moisturizes the skin easily.

Ginkgo Biloba: An herb that helps increase blood flow and oxygenation to energize the skin. Has anti-oxidant properties making it an excellent anti-aging ingredient.

White Tea Leaf Extract: (Camellia Sinensis) There is research showing white and green teas to have the highest concentration of antioxidant properties (via their polyphenol and flavonoid content) of all teas. It appears that white and green tea share similar amounts of polyphenol epigallocatechin-gallate (EGCG), which is the tea's main antioxidant.

BODY PRODUCTS

Ocean Mineral Spray Lotion

Product Description: Don't just spritz yourself after a show to smell good. We found a way to combine highly moisturizing ingredients and a fresh ocean breeze. A unique spray lotion base with Avocado Oil and Aloe Vera, offering superb conditioning and moisturizing properties.

Retail Size: 8 oz Spray

Professional Size: 16 oz Spray

Product Directions: Apply to moist skin after bath or shower. Leaves skin with a soft, silky finish.

Product Ingredients: De-Ionised Spring Water, Cyclomethicone (Silica), Persea Gratissima (Avocado) Oil*, Acrylate C-10/30 Cross Polymer, Triethanolamines, Polysorbate 20,

Ingredient Highlights

Aloe Vera: Derived from pure aloe leaf. Soothing, heals wounds, stops bleeding, relieves insect bites and is especially effective for burns. The active ingredients have been found to heal and regenerate skin. In skin care products it leaves a thin film that acts as a barrier to protect the skin. This works as a barrier to keep body fluids from escaping. Aloe vera improves hydration with its natural moisturizing factor and is good for all skin types. Aloe vera is composed of water, the enzymes catalase and cellulose, minerals, calcium, aluminum, iron, zinc, magnesium, sodium, 20 amino acids and carbohydrates. True aloe vera is watery and thin.

Avocado Oil: (Persea Gratissima) This oil is extracted directly from the dehydrated flesh of the avocado fruit, used for its lovely texture and softness on the skin. Easily absorbed by the skin, it is a good source of vitamins A, B, D & E, protein, lecithin, fatty acids, amino acids and sterols. Known to accelerate healing, recommended for chronic eczema and other skin disorders. One of the few vegetable oils containing protein, avocado oil penetrates the skin deeply without leaving an oily film on the skin. Promotes the regeneration of scarred skin. Softens and conditions dry, flaky skin and scalp. Highly compatible with human skin, this oils also offers some natural UV ray protection.

Ylang ylang is a tall tropical tree that grows up to 65 feet high. It is native to tropical Asia. The flowers are large and fragrant and come in a variety of colors. The Ylang Ylang complete essential oil is valued in perfumery as well as for stress relief.

BODY PRODUCTS

Honey Pear Sugar Polish

Product Description: An organic specialty of the southwest, wildcrafted honey is mixed with pear blossom extract! A natural exfoliant scrub and an excellent alternative to salt. Natural sugar sloughs dead skin cells without stinging, leaves skin ultra smooth and silky. Can be used after shaving!

Retail Size: 8 oz Jar

Professional Size: 16 oz Jar

Product Directions: Use in shower. Scoop out a handful of sugar polish and apply to damp skin in brisk circular motions all over body. Rinse thoroughly and follow with Body Lotion.

Product Ingredients: Sugar*, Caprylic/Capric Triglyceride (Coconut Oil)*, Helianthus Annuus (Sunflower) Seed Oil*, Organic Cocos Nucifera (Coconut) Oil*, Emulsifying Wax, Organic Beeswax*, Glyceryl Stearate*, Palm Stearic Acid*, Organic Copernicia Cerifera (Carnauba) Wax*, Organic Butyrospermum Parkii (Shea Butter)*, Tocopherol (Vitamin E)*, New Mexican Honey*, Pear Extract.

Ingredient Highlights

Honey: Used as a coloring, flavoring, and an emollient in cosmetics. The common, sweet, viscous material taken from the nectar of flowers and manufactured in the sacs of various kinds of bees. The flavor and color depend upon the plants from which it was taken. Its use in cosmetics is centuries old and can be traced back to at least ancient Egypt and Cleopatra. Honey is composed of a variety of sugars, wax, and other substances, including citric, malic, formic, and lactic acids; beta carotene, enzymes; amino acids and vitamins.

Jojoba Oil: In reality jojoba oil is not an oil but a liquid wax. Because it's composed of wax esters, it is extremely stable. Works as an effective cleanser, conditioner, moisturizer and softener for the skin and hair. It can be applied directly to the skin to soften the skin, reduce wrinkles and stretch marks, lighten and help heal scars, and promote healthy scalp and hair. The structure of jojoba oil closely resembles that of your own skin sebum, the natural coating our body produces to protect the skin and keep it supple. Our skin loses sebum with age, sun, wind, cold and the environment. Jojoba contains protein, minerals and a waxy substance that mimics collagen. If your skin has an over production of sebum, jojoba oil will dissolve clogged pores and restore the skin to its natural pH balance. The reason jojoba oil works so well is that it actually penetrates the skin easily, because it is accepted as sebum.

Avocado Oil: (Persea Gratissima) This oil is extracted directly from the dehydrated flesh of the avocado fruit, used for its lovely texture and softness on the skin. Easily absorbed by the skin, it is a good source of vitamins A, B, D & E, protein, lecithin, fatty acids, amino acids and sterols. Known to accelerate healing, recommended for chronic eczema and other skin disorders. One of the few vegetable oils containing protein, avocado oil penetrates the skin deeply without leaving an oily film on the skin. Promotes the regeneration of scarred skin. Softens and conditions dry, flaky skin and scalp. Highly compatible with human skin, this oils also offers some natural UV ray protection.

BODY PRODUCTS

Soul Enhancing Body Polish

Product Description: Our exclusive blend of oils came from a 5,000-year-old West African relaxation ritual. It includes the perfect blend of scents to lift the spirit, calm the mind and soften the skin. Natural sugar sloughs dead skin cells without stinging, leaves skin ultra smooth and silky. Can be used after shaving!

Retail Size: 8 oz Jar

Professional Size: 16 oz Jar

Product Directions: Use in shower. Scoop out a handful of sugar polish and apply to damp skin in brisk circular motions all over body. Rinse thoroughly and follow with Body Lotion.

Product Ingredients: Sugar*, Caprylic/Capric Triglyceride (Coconut Oil)*, Helianthus Annuus (Sunflower) Seed Oil*, Organic Cocos Nucifera (Coconut) Oil*, Emulsifying Wax, Organic Beeswax*, Glyceryl Stearate*, Palm Stearic Acid*, Organic Copernicia Cerifera (Carnauba) Wax*, Organic Butyrospermum Parkii (Shea Butter)*, Tocopherol (Vitamin E)*, Essential Oils* of Spruce, Fir, Pine, Juniper Berry.

Ingredient Highlights

Juniper Berry: Fresh, fruity, woody, spicy and herbaceous scent. Treats pain and inflammation of arthritis and rheumatism, varicose veins and hemorrhoids. Increases circulation and reduces fluid retention. Pick-me-up and counters tiredness and reduces anxiety. Used for acne, eczema, dermatitis, greasy hair, hair loss, dandruff and decongest the venial system. Good airborne disinfectant. Heart tonic, circulatory stimulant, cleans blood and aids in toxin accumulation, especially uric acid. Useful in diabetes, eases menstruation, poor memory, jet lag, uplifts.

Jojoba Oil: In reality jojoba oil is not an oil but a liquid wax. Because it's composed of wax esters, it is extremely stable. Works as an effective cleanser, conditioner, moisturizer and softener for the skin and hair. It can be applied directly to the skin to soften the skin, reduce wrinkles and stretch marks, lighten and help heal scars, and promote healthy scalp and hair. The structure of jojoba oil closely resembles that of your own skin sebum, the natural coating our body produces to protect the skin and keep it supple. BODY PRODUCTS

Aromatherapy Stress Balm

Product Description: The power of smell has been harnessed to produce instant relaxation for mind and body. Using our exclusive blend of essential oils we have created a balm for sore muscles, achy joints and racing minds! Not only do you get a pain relieving balm, we can directly affect your sense of wellbeing by slowing your brainwaves, breathing and heart rate. Maybe we found a cure for Type A personalities?

Retail Size: 2 oz Pump

Professional Size: 8 oz Pump

Product Directions: Apply sparingly to temples, neck, and/or shoulders as need for muscle tension relief. Great to relieve tired muscles and even sore joints.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Vitis Vinifera (Grape) Seed Oil*, Persea Gratissima (Avocado) Oil*, Capric/Caprylic Triglycerides (Coconut Oil)*, Emulsifying Wax NF, Glycerol MonoStearate*, Simmondsia Chinensis (Jojoba) Seed Oil*, Butyrospermum Parkii* (Shea Butter), Aloe Barbadensis (Aloe) Leaf Juice*, Stearic Acid (Vegan)*, Retinal Palmitate (Vitamin A), Ascorbic Acid (Vitamin C), Ergocalciferol (Vitamin D), Tocopherol (Vitamin E), Silk Amino Acids, Vegetable Glycerine*, Essential Oils* of Birch, Rosemary, Bay Laurel, Juniper Berry, Black Pepper, Ginger Root, Cinnamon Leaf, Wintergreen, German Chamomile, Sorbeth-40 (Sorbitol), Cyclomethicone (Silica) (Silicone), Methyl Cellulose, Allantoin (Comfrey Root)*.

Ingredient Highlights

Ginger Oil: Rheumatism, arthritis, numbness, muscle fatigue, digestive problems, nausea, nervous exhaustion, sexual tonic and seasickness. Antiseptic, stimulant, analgesic, aphrodisiac and fortifying. Reduces inflammation, headaches, sinusitis, stimulates appetite and aids in circulation. Powerful tonic for entire digestive system. Varicose veins, poor circulation, eases angina, aids lower back pain, sprains and injury. Aids impotence, frigidity, regulates menstruation.

Rosemary Oil: Rosemary essential oil has a fresh, woody/herbal scent, and is anti-depressive and uplifting when inhaled. It is an excellent natural ingredient in scalp and hair treatments, strengthening thin hair and preventing hair loss. It is astringent and antiseptic, cleaning and toning to the skin and scalp, and it stimulates and improves skin circulation and metabolism. It is excellent for all skin types, particularly oily, acne-prone skin and eczema. Rosemary essential oil also speeds healing of wounds and burns. This variety of Rosemary essential oil is soft, warm, sweet, and most skin-friendly.

Silk Protein: Protein substance (also called sericin) formed by converting silk, which is the soft, lustrous thread obtained from the cocoon of the silkworm. Silk protein can have water-binding properties for skin. However, whether the protein applied to skin is derived from animals or plants, the skin can't tell the difference.

BODY PRODUCTS

Herbal Vitality Soothing Foot Cream

Product Description: When the going gets tough and the feet are aching and tired, this cooling and refreshing Herbal Vitality Soothing Foot Cream will offer instant relief. Carefully formulated Essential Oils, Horse Chestnut Herbal Extract in all natural ingredients combine for a cooling, soothing lotion for feet and legs. Our pure therapeutic-grade Essential Oil blend with Bay Laurel, Spearmint and Rosemary offers a cooling, soothing, and refreshing aromatherapy experience.

Escin, obtained from the seeds of the horse chestnut plant, carries out an important activity on the blood vessels, by tonifying the venous walls, thereby reducing the formation of painful leg swelling and protecting the thin capillary walls, improving circulation. Cold-pressed spearmint, rich in menthol, eucalyptol, flavonoids and tannins, protects, tones and bestows a pleasant sensation of freshness and lightness.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Apply to your feet and the legs and massage with circular movements, from the feet upwards.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Glycerin* and (from Coconut Oil), Stearic Acid (Vegan)* (from Coconut Oil), Pure Plant Oil Complex* (Soy & Jojoba Oils), Cetyl Palmitate and Cetearyl Alcohol (from Palm Oil*), Horse Chestnut Herbal Extract, Pure Therapeutic Grade Essential Oil* Blend: Bay Laurel (*Laurus nobilis*), Spearmint (*Mentha cardiaca*), Eucalyptus citriodora (*Eucalyptus citriodora*), Bergamot (*Citrus bergamia*), Rosemary Verbonne (*Rosmarinus officinalis*), Peppermint (*Mentha piperita*); Poly Sorbate 80 (from Palm Oil*), Glyceryl Stearate (from vegetable sources), Cetyl Alcohol (from Palm Oil*), Aminodimethicone (from Silica).

Ingredient Highlights

Horse Chestnut: Horse chestnut seed extract has been used to treat chronic venous insufficiency (a condition in which the veins do not efficiently return blood from the legs to the heart). This condition is associated with varicose veins, pain, ankle swelling, feelings of heaviness, itching, and nighttime leg cramping.

Bay laurel essential oil, *Laurus nobilis*, is steam distilled from the leaves and branchlets, and small amounts from the berries. Traditionally, it was used to treat hysteria, indigestion, colic, and to promote menstruation and for fever. Used as a fragrance component in detergents, cosmetics, toiletries, and perfumes, especially aftershaves. A 'fixed' oil of bay, expressed from the berries is still used for sprains, bruises, earaches. etc. Extensively used in processed food, alcoholic and soft drinks.

Soy Protein: Amino acid and lipid rich to help aid cellular regeneration. Helps increase elasticity and soften lines and wrinkles.

BODY PRODUCTS

Sugar Cane & Babassu Body Polish

Skin Type: All

Product Description: Made with Babassu, for silkiness, oat amino acids and beta glucans to soothe and nurture the skin, shea butter to nurture and moisturize, ground walnut to remove the dead surface cells, along with impurities and debris, to reveal the glowing healthy skin beneath. 100% vegetable emulsifier turns this scrub into a lotion, right on your skin, as you rinse, leaving your skin powdery and silky soft without being greasy. 100% vegetable preservative protects the integrity of the scrub while also re-fattening the skin for better protection from environmental stress and toxins. Condition and polish your skin with vitamins, proteins, and gentle walnut exfoliant and sugar, for super soft, radiant, glowing skin.

Retail Size: 4 oz Jar

Professional Size: 8 oz Jar

Product Directions: Take small handfuls and work into skin with gentle circular motions. To promote good circulation and detoxification, work from the feet to the torso then from the hands to the torso, paying special attention to cellulite and other problem areas.

Product Ingredients: Sucrose (Sugar) Cane*, Organic Cocos nucifera (Coconut) Oil*, Organic Butyrospermum parkii (Shea) Nut Butter*, Orbygnya oleifera (Babassu) Kernel Oil*, Polyglyceryl-6 Distearate (Vegetable), Persia americana (Avocado) Fruit Oil*, Hydrolyzed Aveena sativa (Oat) Flour, Juglans regia (Walnut) Shell Powder, Citrus paradisii (grapefruit*), Mentha piperita (peppermint)*, Mentha spicata (spearmint)*, EcoCert Glyceryl Monocaprylate (and) Glyceryl Monoundecylenate (Vegetable).

Ingredient Highlights

Babassu: Babassu oil or cusi oil is a clear light yellow vegetable oil extracted from the seeds of the babassu palm (*Attalea speciosa*), which grows in the Amazon region of South America. It is a non-drying oil used in food, cleaners and skin products. This oil has properties similar to coconut oil and is used in much the same context. It is increasingly being used as a substitute for coconut oil. Babassu oil is about 70% lipids.

Oat Flour: Standardized to include a whopping 5% Beta Glucans (which boost the skin's own immune functions). Oat has a wide array of skin & hair benefits, including: Reducing irritation associated with alpha hydroxy acids.

* Reducing sunburn cell formation upon skin exposure to UVA radiation. * Revitalizes and rejuvenates. * Repairing the epidermal skin barrier. * Inhibiting free radical formation associated with photo-aging of the skin. Stimulating collagen growth as an aid to wrinkle reduction. * Excellent Film Former. * Well known propensity as an anti-inflammatory ingredient. * Outstanding Moisturizing and humectant properties. * Natural Antioxidant.

Avocado Oil: (*Persea Gratissima*) This oil is extracted directly from the dehydrated flesh of the avocado fruit, used for its lovely texture and softness on the skin. Easily absorbed by the skin, it is a good source of vitamins A, B, D & E, protein, lecithin.

*organic, wild crafted and sustainable sources. carbon balanced.

BODY PRODUCTS

Natural Kukui Nut and Fennel Body Whip

Skin Type: All

Product Description: This is a rich, smooth, luxurious cream...loaded with all of the things that dry, damaged or prematurely aged skin needs: oat flour to soothe and repair, shea butter to nourish, kukui nut, meadow foam and jojoba oils to lock in moisture, sodium lactate - a component of the natural moisturizing factor necessary for healthy radiant skin which is abundant in youth but lost little by little through the aging process or sun exposure, quaternized proteins to draw moisture where it is needed the most.

Retail Size: 8 oz Jar

Professional Size: 16 oz Jar

Product Directions: Massage into your skin daily. Great for hands, heels and elbows.

Product Ingredients: Aloe Barbadensis Extract*, Butyrospermum Parkii (Shea) Seed Butter*, Simmondsia Chinensis (Jojoba) Seed Oil, (Kukui) Nut Oil*, Aleurites Moluccana Oryza Sativa (Rice) Bran Oil*, Glycerin, Helianthus Annuus (Sunflower) Seed Extract*, Epilobium Angustifolium (Willow Leaf) Extract*, Phyllanthus Emblica (Amalaki) Fruit Extract*, Algae Extract, Foeniculum Vulgare (Fennel) Fruit Extract*, Emulsifying Wax NF, Palm Stearic Acid, Cetyl Esters Wax NF, Quaternium-79 Hydrolyzed Soy Protein, Sodium Lactate, Limnanthus Alba (Meadowfoam) Seed Oil*, Oat Flour*, Phenoxyethanol, Caprylyl Glycol, Sorbic Acid, Allantoin, Pogostemon cablin (patchouli)*, Lavendula angustifolia (lavender)*, Cananga odorata var. Genuana (ylang ylang)*, Apis mellifera (honey) absolute*, Cymbopogon maritnii (palma rosa)*, Coriandrum sativum (coriander)*.

Ingredient Highlights

Kukui Nut Oil: Provides, soothing, natural relief for dry skin. This unique oil quickly penetrates and moisturizes, leaving the skin with a greaseless, silky after feel. Also an excellent product for dry scalp and dandruff when used like a hot oil treatment.

Allantoin (Comfrey Root)*: Allantoin has been classified by the FDA as a Category I (safe and effective) active ingredient skin protectant. Allantoin has been widely used for decades in cosmetic and OTC topical formulations because it is so effective. The most popular applications are in the prevention and treatment of dry and chapped skin and lips. Allantoin is also used in the topical pharmaceutical market in psoriasis medications and analgesic gels. Allantoin produces its desirable effects by promoting healthy skin. It is postulated that Allantoin cleanses away necrotic tissue, speeding up the growth of new, healthy tissue. Since Allantoin stimulates new and healthy tissue growth, healing epithelization may take place.

Soy Protein: An awesome source of Isoflavones. The role of isoflavones is widely appreciated and is currently the subject of intense research. Isoflavones appear to protect the skin against hormone-related aging, such as in menopause. And isoflavones can have estrogenic activity, for instance if during menopause the body's natural level of estrogen drops, isoflavones can compensate by binding to the same receptor sites. As we age, our hormone levels drop and our skin, the biggest organ, shows the results. Hydrolyzed Soy Protein helps bring back a youthful radiance in skin care.

BODY PRODUCTS

Red Raspberry and Carrot Seed Hand Lotion

Skin Type: All

Product Description: A luxuriously smooth and silky lotion that absorbs readily taking the nurturing ingredients into the tissues where they'll go to work to improve your skin's function and restore soft, healthy skin. May be used throughout the day, with no greasy after feel, just smooth radiant skin. From the very first use you'll see improved softness and suppleness in your skin, and continued improvement with regular use.

Retail Size: 4 oz Bottle

Professional Size: 16 oz Bottle

Product Directions: Apply to hands after shower and as often as you like.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Caprylic Capric Triglycerides, Cetearyl Alcohol, Glycerin (Vegetable) (and) Calendula officinalis Flower Extract*, Carthamus tinctorius (Safflower) Liposome*, Persea americana (Avocado) Fruit Oil*, Butyrospermum parkii (Shea) Butter*, Panthenol (ProVitamin B5), Populus tremuloides (Aspen) Bark Extract*, Sodium Lactate, Myristyl Myristate, Sodium Lauroyl Lactylate, Sodium Stearoyl Lactylate, Simmondsia chinensis (Jojoba) Seed Oil*, Hydrolyzed Avena sativa (Oat) Flour*, Hydrolyzed Silk Protein, Allantoin, Oenothera biennis (Evening Primrose) Seed Oil*, Daucus carota (Carrot) CO2 Extract*, Hippophae rhamnoides (Seabuckthorne) CO2 Extract*, Rubus Idaeus (Red Raspberry) Seed Oil*, Vitamin E (Broad Spectrum Tocotrienols), Clary Sage*, Ylang Ylang*, Vanilla*, Patchouli*, Orange*, Cardamom* and Nutmeg*.

Ingredient Highlights

Aspen Bark: A 100% natural preservative. Being very high in natural salicylates (salicylic acid), traditionally used as analgesics, these salicylates may also be isolated and applied to cosmetic and personal care products as part of your natural preservation system, with the benefit of pore refinement and acne control.

Oat Flour: Standardized to include a whopping 5% Beta Glucans (which boost the skin's own immune functions). Oat has a wide array of skin & hair benefits, including: Reducing irritation associated with alpha hydroxy acids.

* Reducing sunburn cell formation upon skin exposure to UVA radiation. * Revitalizes and rejuvenates. * Repairing the epidermal skin barrier. * Inhibiting free radical formation associated with photo-aging of the skin. Stimulating collagen growth as an aid to wrinkle reduction. * Excellent Film Former. * Well known propensity as an anti-inflammatory ingredient. * Outstanding Moisturizing and humectant properties. * Natural Antioxidant.

Caprylic Capric Triglycerides: A specific fraction of coconut oil fatty acids resulting in only the more stable, and skin loving, caprylic & capric fatty acids which gives the oil a dry, powdery feel. Mistakenly called fractionated coconut oil, which is a distillation of coconut oil which results in a combination of the lesser desired fatty acids with the feel and performance of traditional vegetable oils. Medium Chain Triglycerides (MCTs) are derived by esterifying glycerol (plant sugars) with mixtures of caprylic (C:8) and capric (C:10) fatty acids which are fractionated from coconut or palm kernel oils. They are specially processed to achieve superior oxidative stability and low color and then are further refined to remove residual fatty acids, resulting in a product with essentially no odor or flavor. The unique metabolic and functional properties of Caprylic Capric Triglyceride, MCT's, a consequence of their chemical structure, make them versatile ingredients in numerous Pharmaceutical and Cosmetic applications.

BODY PRODUCTS

all organic cabernet body cleanser

Skin Type: All

Product Description: Our gentle cleanser offers benefits from the vine for your body, lavishing the skin in a soft, supple finish. Get a luxurious bath or shower experience without harsh ingredients that strip the skin's natural protective barrier. Infused with Shea Butter and Fruit Enzymes, our cleanser works to moisturize and protect, while encouraging gentle exfoliation and cell turnover. Infused with powerful anti-oxidant and exfoliating properties of the grape, fresh ground cranberry and elderberry protect skin from free-radical damage while locking in essential moisture.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Use daily in bath or shower. For best results, use with a net sponge or loofah. Follow with Body Lotion.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Decyl Glucoside (and) Sodium Lauroyl Lactylate, Potassium Cocoate, Propanediol (corn), Organic Wine and Fruit Extract (Pomegranate Extract (juice), Pomegranate Extract (fruit), Acai Extract (fruit), Grape Extract (pomace), Lo Han Extract (fruit), Elderberry Extract (fruit), Cranberry Extract (fruit), Red Raspberry Extract (leaf)), Glyceryl Caprylate Caprate, Sodium Chloride, Organic Panthenol (Pro-Vitamin B5), Gluconodeltalactone, Organic Vegetable Glycerin, Hydrolyzed Soy Protein, Sodium Lauryl Sulfoacetate (and) Disodium Laureth Sulfosuccinate, Allantoin, Sodium Benzoate

Ingredient Highlights

Resveratrol: Stimulates collagen synthesis and acts as an anti-inflammatory.

Wine Phytoalexins: Supports the capillaries and health of the skin from free radical damage.

Grape Seed Extracts: Acts as an antioxidant and promotes capillary strength.

Wine Extracts: Helps Vitamin C enter the body and promotes tissue elasticity.

Cranberry Extracts: Vitamin C – helps to build collagen, the good stuff that keeps our skin looking tight and healthy. Also good antioxidant. Vitamin B3 – has been shown to effectively treat acne and possibly slow skin cancer. Vitamin B5 – increases moisture content in skin.

Pomegranate Extracts: Rich in polyphenols and acts as a free radical scavenger.

PET CARE

Revitalizing Pet Wash

Product Description: Want your best friend to be shiny, fluffy and soft? That's easy with our Pet Care regimen. Created specifically for the care of your pet. Our natural Pet Wash is pH balanced, for dogs, and is designed to meet the special needs of their delicate skin and coarse hair while leaving their coat groomed and conditioned. This high foaming formula is designed for easy application, and easy rinsing to avoid any further discomfort than is necessary for both you, and your pet.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: To use: fully wet your dogs hair, apply a thin stream from the neck to the tail, lather, and rinse.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Sodium Lauroyl Lactylate, Cocamidopropyl Betaine, Panthenol, Hydrolyzed Soy Protein, Allantoin, Sodiumhydroxymethylglycinate.

Ingredient Highlights

Sodium Lauroyl Lactylate is ECOCERT certified: A natural, food grade, emulsifiers derived from the sodium salt of lactic acid. Offering unsurpassed skin moisturization, and smooth feel on application, this is the emulsifier of choice for all of your natural products. Particularly suitable for your cleansing products. Due to their sodium backbone the lactylates are able to penetrate the top dead layers of skin to offer: * residual moisturization * extended fragrance release * enhanced delivery of actives

Cocoamidopropyl Betaine: An amphoteric, 30% active aqueous solution that is used in shampoos, bubble baths and liquid handsoaps. Provides good foaming and foam liquid stabilization with excellent wetting properties. Compatible with anionic, cationic, and nonionic surfactants. Cocoamidopropyl Betaine is derived from Coconut Oil and is primarily used as a secondary surfactant in aqueous systems.

Soy Protein: Amino acid and lipid rich to help aid cellular regeneration. Helps increase elasticity and soften lines and wrinkles.

*organic, wild crafted and sustainable sources. carbon balanced.

PET CARE

Pet Power Cleansing Mist

Product Description: Let's face it...pet's get into things...the perfect solution, a bottle of our cleansing mist. Specifically designed for the delicate nature of a dog's skin, with just enough cleansing agent to clean the coat. Perfect for cleaning those dirty little paws after letting your pet play in the yard.

Retail Size: 4 oz Spray

Professional Size: 8 oz Spray

Product Directions: Just spray onto the coat and wipe off with a paper towel. For cleaning the paws, spray onto a paper towel and then wipe the paws. We find it helpful to spray some directly on the paws when they're really muddy.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, sodium lauroyl lactylate, dl panthenol, tocopherol acetate, dead sea salt, hydrolyzed silk protein, sodium hydroxymethyl glycinate.

Ingredient Highlights

Sodium Lauroyl Lactylate is ECOCERT certified: A natural, food grade, emulsifiers derived from the sodium salt of lactic acid. Offering unsurpassed skin moisturization, and smooth feel on application, this is the emulsifier of choice for all of your natural products. Particularly suitable for your cleansing products. Due to their sodium backbone the lactylates are able to penetrate the top dead layers of skin to offer: * residual moisturization * extended fragrance release * enhanced delivery of actives

Silk Protein: Aids in moisture retention due to its strong hygroscopic properties (silk is credited with the ability to retain 10,000 times its weight in water), resulting in optimum conditioning and increased strength. Provides superior conditioning properties, making it ideal for natural-type skin care such as gels, serums, and emulsion systems. Links skin fibers to improve elasticity, resiliency, and restore the moisture balance.

Tocopherol Acetate: Vitamin E is a vital ingredient for soft, supple skin. Vitamin E has been shown to play an important role in protecting skin from environmental and oxidative damage. Vitamin E acetate is a stabilized Tocopherol precursor. Vitamin E is often called the "protection vitamin" of the skin. It shows anti-inflammatory properties and positively influences skin moisture properties and wound healing. Vitamin E prevents the skin from premature aging induced by UV irradiation and lipid peroxidation. Revolution Delivery System transport the precursor of Vitamin E to the target skin layers where it protects the cell membranes from damage of free oxygen radicals, and at the same time, acts as a skin moisturizer.

*organic, wild crafted and sustainable sources. carbon balanced.

PROFESSIONAL USE

Lifting Body Massage Oil

Product Description: The best mood lifting massage blend ever created. A superior all natural massage oil with the addition of Hemp and Avocado. These "living" oils are cold pressed, leaving all the vitamins, minerals and emollients intact. Tested in spa's and massage centers, this pre-made oil has great "slip", non-greasy and leaves the skin silky smooth.

Retail Size:

Professional Size: 16 oz Pump

Product Directions: Use as needed for facial or body massage in place of cream. Warm in hands before applying to client.

Product Ingredients: Capric/Caprylic Triglycerides (Coconut Oil)*, Persea Gratissima (Avocado) Oil*, Vitis Vinifera (Grape) Seed Oil*, Cannabis Sativa (Hemp) Seed Oil*, Simmondsia Chinensis (Jojoba) Seed Oil*, Limnanthes Alba (Meadowfoam) Seed Oil*, Tocopherol (Vitamin E), Essential Oils* of Spruce, Fir, Pine, Juniper Berry.

Ingredient Highlights

Meadowfoam: Meadowfoam seed oil is derived from the seeds of Alba plants grown in Oregon. The seeds are harvested within their first year of growth and at that immature age they have 97% fatty acid content and a very small molecular structure. This structure makes this oil one of the most penetrating oils available in the skin care industry and it is one of the most stable lipids known.

Caprylic/Capric Triglyceride, a mixed triester of caprylic and capric acids, is a highly refined medium chain triglyceride (MCT) oil possessing excellent oxidation stability with an almost indefinite shelf life. CCT is a desirable emollient with quick skin penetration and has no color, odor or taste. Great as a dispersing agent and useful as a solvent for vitamins and actives. Excellent as a superfatting oil in soapmaking and improves spreading of skincare formulas. Used in massage, it will not stain sheets. Also called Fractionated Coconut Oil.

Hemp Oil: This oil is one of the richest sources of polyunsaturated fats known to mankind. This includes both essential fatty acids (Omega 3 and Omega 6) and GLA (gamma linolenic acid), which make it an excellent natural emollient and moisturizer. It is 57% linoleic and 19% linolenic acids. Hemp is a wonderful oil for dry or mature skin since it is said to help stimulate cell growth. It has high levels of essential fatty acids, including linolenic acid. Natural hemp seed oil is dark green and has a nutty rich scent. Body care products containing hemp seed oil may help reduce skin discomfort by soothing & restoring dry/damaged skin. Regular use of hemp seed oil on the skin may help slow down the effects of skin aging and leave the skin soft, smooth and moisturized.

*organic, wild crafted and sustainable sources. carbon balanced.

PROFESSIONAL USE

Facial Massage Oil

Product Description: An innovative blend of oils that give skin an age reducing effect. We combine organic jojoba with meadowfoam. Meadowfoam is amber colored oil derived from small flowers which are grown in the southwest. Our exclusive combination of pure chamomile, green tea and cucumber make this the first facial blend to benefit all skin types.

Retail Size:**Professional Size: 2 oz Pump**

Product Directions: Use 4 drops up to 1/2 a dropper for face massage. For a treatment, apply 4 drops to forehead, chin and cheeks; work into skin with toner to ensure complete absorption. May also add 1-2 drops to your moisturizer or mask.

Product Ingredients: Simmondsia Chinensis (Jojoba) Seed Oil*, Limnanthes Alba (Meadowfoam) Seed Oil*, Tocopherol (Vitamin E), Chamomilla Recutita (Matricaria) Flower Extract* (Chamomile), Tocopherol (Vitamin E), Camellia Sinensis (Japanese Green Tea) Leaf Extract*, Essential Oils* of Cedarwood, Rosewood, Sage, Myrrh, Palmarosa, Blue Cypress, Patchouli, Moroccan Rose, German Chamomile, precious Neroli.

Ingredient Highlights

Jojoba Oil: In reality jojoba oil is not an oil but a liquid wax. Because it's composed of wax esters, it is extremely stable. Works as an effective cleanser, conditioner, moisturizer and softener for the skin and hair. It can be applied directly to the skin to soften the skin, reduce wrinkles and stretch marks, lighten and help heal scars, and promote healthy scalp and hair. The structure of jojoba oil closely resembles that of your own skin sebum, the natural coating our body produces to protect the skin and keep it supple. Our skin loses sebum with age, sun, wind, cold and the environment. Jojoba contains protein, minerals and a waxy substance that mimics collagen. If your skin has an over production of sebum, jojoba oil will dissolve clogged pores and restore the skin to its natural pH balance. The reason jojoba oil works so well is that it actually penetrates the skin easily, because it is accepted as sebum.

Meadowfoam: Meadowfoam seed oil is derived from the seeds of Alba plants grown in Oregon. The seeds are harvested within their first year of growth and at that immature age they have 97% fatty acid content and a very small molecular structure. This structure makes this oil one of the most penetrating oils available in the skin care industry and it is one of the most stable lipids known.

Chamomile: Chamomile tea, brewed from dried flower heads, has been used traditionally for medicinal purposes. The main constituents of the flowers include phenolic compounds, primarily the flavonoids apigenin, quercetin, patuletin, luteolin, and their glucosides. The principal components of the essential oil extracted from the flowers are the terpenoids α -bisabolol and its oxides and azulenes, including chamazulene. Chamomile has moderate antioxidant and antimicrobial activities.

*organic, wild crafted and sustainable sources. carbon balanced.

PROFESSIONAL USE

Exceptional Fruit+Glycolic Peel

pH 4

Product Description: Exceptional Fruit+Glycolic Peel is a concentrated blend of five botanical extracts: bilberry, sugar cane, sugar maple, orange, and lemon. These extracts contain several naturally occurring alpha hydroxy acids. Alpha hydroxy acids have been shown to promote smoother, younger looking skin by increasing the rate of cell renewal. Alpha hydroxy acids (AHAs) have been used in skin care for many years. At first, they were used mainly by dermatologists as skin peeling and moisturizing agents; cosmetic companies have since “discovered” AHAs and their almost miraculous activity and formulate with them regularly in their skin care lines. Exceptional Fruit+Glycolic Peel is produced by taking several species of plants and running them through an exhaustive extraction process, which naturally concentrates the active principles. It is glycolic acid that is responsible for the immediate skin softening effect felt by consumers when they first use an AHA product. Citric acid, when topically applied, stimulates collagen synthesis. Both tartaric and malic acid boost skin elasticity. To combine all of these AHAs results in a truly multifunctional peel.

Exceptional Fruit+Glycolic Peel contains the following concentrations of alpha hydroxy acids:

Lactic Acid 14% Glycolic Acid 11%

Citric Acid 3% Malic Acid 1% max

Tartaric Acid 1% max

Retail Size:**Professional Size:** 8 oz Bottle

Product Directions: As with all professional strength peels, a patch test to determine sensitivity should be performed. Before applying, explain to client that they may feel a tingling sensation during treatment. Pour 1 / 2 teaspoon of Exceptional Fruit+Glycolic Peel into glass bowl. Use two long handled cotton swabs and dip into bowl. Roll swabs against side of dish to remove excess product and prevent dripping. Start timing at beginning of application. Apply solution in a counterclockwise manner. Start with forehead; continue applying around perimeter of face, then apply around mouth and on nose. Finish with upper cheek areas. Avoid immediate eye area or obvious active acne lesions. You may apply on neck if client is using the home care product on neck also. In that case, finish with neck last. If excessive stinging or irritation occurs, remove immediately. Allow solution to remain on skin for 2-3 minutes. Apply Afterwash to treated areas using cotton pad, starting with forehead and continuing with the same pattern as the application. Rinse with cool water on sponges to remove any traces of Exfoliant. Follow with appropriate mask & protective treatment for skin type.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Glycerine, Vaccinium Myrtillus (Bilberry)* Extract, Saccharum officinarum (Sugar Cane) Extract*, Citrus Aurantium Dulcis (Orange) Fruit Extract*, Citrus medica limonum (Lemon) Extract, Acer saccharum (Sugar Maple) Extract, Tamarindus Indica Seed Extract** (Tamarind), Cucumis Sativus* (Cucumber) Fruit Extract, Chamomile Recutita (Matricaria) Flower Extract* (Chamomile),

*organic, wild crafted and sustainable sources. carbon balanced.

PROFESSIONAL USE

Lactic Renewal Peel

pH 4

Product Description: L+ Lactic Acid is the natural form of this multifunctional cosmetic ingredient, and is metabolized by the body more readily than the synthetically produced Lactic Acid. When compared to Glycolic or Citric Acids, Lactic shows greatly reduced irritancy while offering pronounced efficacy in exfoliating and skin rejuvenation. Great on ethnic skin. Lactic Renewal Peel will perform these functions as well as offering:

- * Improved Collagen and Elastin Synthesis.
- * Accelerated Exfoliation and Cell Renewal.
- * Removal of the Corneocyte or "dead/horny" layer of skin to reveal a fresher, more youthful appearance.

Retail Size:**Professional Size:** 8 oz Bottle

Product Directions: As with all professional strength peels, a patch test to determine sensitivity should be performed. Before applying, explain to client that they may feel a tingling sensation during treatment. Pour 1 / 2 teaspoon of Lactic Renewal Peel into glass bowl. Use two long handled cotton swabs and dip into bowl. Roll swabs against side of dish to remove excess product and prevent dripping. Start timing at beginning of application. Apply solution in a counterclockwise manner. Start with forehead; continue applying around perimeter of face, then apply around mouth

and on nose. Finish with upper cheek areas. Avoid immediate eye area or obvious active acne lesions. You may apply

on neck if client is using the home care product on neck also. In that case, finish with neck last. If excessive stinging or irritation occurs, remove immediately. Allow solution to remain on skin for 2-3 minutes. Apply Afterwash to treated areas using cotton pad, starting with forehead and continuing with the same pattern as the application. Rinse with cool water on sponges to remove any traces of Exfoliant. Follow with appropriate mask &

protective treatment for skin type.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Glycerine, L+ Lactic Acid, Tamarindus Indica Seed Extract* (Tamarind), Cucumis Sativus* (Cucumber) Fruit Extract, Chamomile Recutita (Matricaria) Flower Extract* (Chamomile),

*organic, wild crafted and sustainable sources. carbon balanced.

MEN'S SKINCARE

Cucumber Mint Cleanser

Product Description: A smooth gel that foams readily and rinses clean, taking dirt with it, leaving your skin feeling smooth and supple with the glow of healthy radiant skin. A natural and gentle face wash that is specifically designed to prevent irritation. Perfectly suited to those with sensitive skin as well as those with normal skin types. The soft lather and soothing feel will make this the face wash that you'll reach for morning and night. With natural, gentle, cleansers that also offer smoothness and hydration, aloe vera to soothe and nurture, chamomile and cucumber to soothe the skin, panthenol and allantoin for their anti-inflammatory and soothing activity, our all natural preservative which not only preserves the cleanser naturally but also offers a softening effect to the product and the skin.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: Wet hands, face and neck; gently massage a small amount of cleanser onto face and neck. Cleanse 2-3 minutes, add more water if needed. Rinse thoroughly and follow with toner and moisturizer. Use as directed in the a.m. and p.m.

Product Ingredients: Aloe barbadensis (Aloe Vera) Leaf Juice, Decyl Glucoside, Sodium Lauroyl Lactylate, Vegetable Glycerin (and) Cucumis sativa (Cucumber) Peel Extract (and) Chamaemelum nobile (Chamomile) Leaf Extract, Panthenol (ProVitamin B5), Gluconolactone (Sugar Fermentation), Allantoin (Comfrey), Xanthomonas campestris (Xanthan) Gum, Sodium Benzoate, Essential oils of Citrus paradisi (grapefruit), Mentha piperita (peppermint), Mentha spicata (spearmint).

Ingredient Highlights

Decyl Glucoside is a nonionic surfactant, ideal for foaming and cleansing products. Our decyl Glucoside, obtained from renewable raw materials, is a combination of, plant based, fatty alcohols and glucose. Decyl Glucoside is a mild surfactant and because it does not dry it is ideal for the formulation of personal hygiene and toiletry cosmetics.

Sodium Lauroyl Lactylate is a natural, food grade, emulsifiers derived from the sodium salt of lactic acid.

Offering unsurpassed skin moisturization, and smooth feel on application, this is the emulsifier of choice for all of your natural products. Particularly suitable for your cleansing products. Our Sodium Lauroyl Lactylate is ECOCERT certified.

Allantoin produces its desirable effects by promoting healthy skin. It is postulated that Allantoin cleanses away necrotic tissue, speeding up the growth of new, healthy tissue. Since Allantoin stimulates new and healthy tissue growth. Allantoin has been classified by the Food and Drug Administration (FDA) Over-the-Counter (OTC) Topical Analgesic Review Panel as a Category I (safe and effective) active ingredient skin protectant when used at 2.0%.

Citrus paradisi (grapefruit) essential oil, which is technically not an essential oil, though most suppliers will call it an essential oil. It is actually an expressed from the peel. Well known for its uplifting, refreshing qualities, it is a great choice for summer recipes. Like most of the pressed oils Grapefruit is a great choice for oily and congested skin conditions where it will assist in drying the excess oil without over drying and causing the skin to create more oil in an attempt to re-balance the skin. It will also have an astringent effect on the skin making it suitable for hair care applications.

Mentha spicata (spearmint) is well known for being one of the most uplifting essential oils, with its crisp clean scent it refreshes and stimulates.

*organic, wild crafted and sustainable sources. carbon balanced.

MEN'S SKINCARE

Sandalwood and Aloe Clearing Toner

Product Description: Always use toner to prevent dehydration from tapwater residue—picture the glass door in your shower if you think that water leaves your skin “clean.” Our natural afterwash (toner) developed to correct the clogged pores, and oiliness, associated with acneic skin. Much more than a simple toner though, as acne and inflammation are targeted with advanced botanical actives, vitamins and anti-inflammatories along with plant AHA / BHA's for effective pore refinement.

Retail Size: 8 oz Pump

Professional Size: 16 oz Pump

Product Directions: After cleansing, apply afterwash to cotton pad and wipe face to remove residue from hard water. Follow with appropriate corrective serum and moisturizer. Use as directed in the a.m. and p.m.

Product Ingredients: Aloe barbadensis (Aloe Vera) Leaf Juice, Glycerin (Vegetable) (and) Populus tremuloides (Aspen) Bark Extract (and) Lavendula angustifolia (Lavender) Flower Extract (and) Calendula officinalis (Calendula) Flower Extract (and) Citrus limonum (lemon) Peel Extract (and) Thymus vulgaris (thyme) Extract, Niacinamide, Vaccinium myrtillus (Bilberry) Fruit Extract, Panthenol (Pro-Vitamin B5), Propanediol (Corn) Sugar, Saccharum officinarum (Sugar Cane) Extract, Allantoin, Acer saccharum (Sugar Maple) Extract, Essential Oils of: Citrus paradisi (Grapefruit), Cinnamomum camphora (Ravintsara), Thymus vulgaris (White Thyme), Cupressus sempervirens (Cypress), Boswellia carterii (Frankincense), Leptospermum scoparium (Manuka (New Zealand Tea Tree)), Eucalyptus radiata (Eucalyptus), Commiphora myrrha (Myrrh), Vetiveria zizanoides (Vetiver), Citrus aurantium var. Dulcis (Orange) Fruit Extract, Citrus medicalimonum (Lemon) Fruit Extract.

Ingredient Highlights

Aspen Bark tree is a 100% natural preservative. Being very high in natural salicylates (salicylic acid), traditionally used as analgesics, these salicylates may also be isolated and applied to cosmetic and personal care products as part of your natural preservation system, with the benefit of pore refinement and acne control. The salicylates are consistently isolated at between 54.0 and 60.0% which makes it an ideal natural alternative to Salicylic Acid, with the added benefit of product preservation, while also offering a smooth feel to the skin.

Calendula's therapeutic uses originated in ancient Egypt and spread to Europe. Many varieties of the plant exist, one of which is the common marigold. A natural antiseptic and anti-inflammatory agent, Calendula is one of the best herbs for treating wounds, skin abrasions and infections. A salve made from this herb is soothing to skin wounds, sunburns, bruises and all kinds of skin problems. It stimulates the growth of new skin cells. German's Commission E endorses Calendula for reducing inflammation and speeding the healing of sores. Also helps prevent staphylococcus infection. Calendula has astringent, anti-bacterial, anti-viral, anti-fungal, anti-inflammatory, anti-spasmodic and immune-stimulating properties. It's soothing, astringent property is perfect for masks, toners, gels, after-shave, or any other products that are geared toward damaged, inflamed skin treatments.

Propanediol is a 100% natural, highly pure, emollient from a sustainable and renewable process, without petro's or preservatives.

*organic, wild crafted and sustainable sources. carbon balanced.

MEN'S SKINCARE

Aspen Bark Oil-Free Moisturizer

Product Description: Formulated to address the issues of acne breakouts and inflammatory skin conditions...is a smooth silky cream that absorbs readily and completely. Aloe and allantoin to relieve skin irritation, niacinamide and panthenol to relieve the redness and inflammation of blemishes, and natural salicylic acid to keep the pores clear to help prevent future breakouts. Because acneic skin is not necessarily oily and it's still important to not over dry the skin, which would result in the production of excess oil, we have also included hyaluronic acid to keep the skin hydrated and healthy.

Retail Size: 2 oz Jar

Professional Size: 8 oz Jar

Product Directions: After cleansing and toning, apply a small amount to face and neck and massage in gently. Use as directed.

Product Ingredients: Aloe barbadensis (Aloe Vera) Leaf Juice, Caprylic Capric Triglycerides, Niacinamide, Populus tremuloides (Aspen) Bark Extract, Cetearyl Alcohol, Myristyl Myristate, Panthenol (ProVitamin B5), Sodium Stearoyl Lactylate, Sodium Hyaluronate (Hyaluronic Acid), Glyceryl Stearate, Allantoin. Essential oils of Citrus paradisi (grapefruit), Mentha piperita (peppermint), Mentha spicata (spearmint).

Ingredient Highlights

Caprylic Capric Triglycerides are a specific fraction of coconut oil fatty acids resulting in only the more stable, and skin loving, caprylic & capric fatty acids which gives the oil a dry, powdery feel. Mistakenly called fractionated coconut oil, which is a distillation of coconut oil which results in a combination of the lesser desired fatty acids with the feel and performance of traditional vegetable oils. Medium Chain Triglycerides (MCTs) are derived by esterifying glycerol (plant sugars) with mixtures of caprylic (C:8) and capric (C:10) fatty acids which are fractionated from coconut or palm kernel oils. They are specially processed to achieve superior oxidative stability and low color and then are further refined to remove residual fatty acids, resulting in a product with essentially no odor or flavor.

Myristyl Myristate offers an easy way to create lotions and creams with a silky, rich feel and a dry powdery feel. Especially suitable for those products with a high butter content when the oily effect is undesirable. A 100% natural, vegetable derived ester, combination of myristyl alcohol and myristic acid, for use as a co-emulsifier and opacifier.

Hyaluronic Acid is known as the most effective moisturizer ever discovered. A 1% aqueous solution is incredibly effective, even at 0.1-1%. Hyaluronic Acid has recently been used to create Hylaform Gel, an FDA Approved injectable material that aestheticians and plastic surgeons predict will replace collagen injections because the risk of reaction is lower (most collagen being of bovine origin) and Hylaform Gel is more effective, and the results last longer than those of collagen injections.

*organic, wild crafted and sustainable sources. carbon balanced.

MEN'S SKINCARE

Sweet Potato Scrub

Product Description: Get ready for a tingle! A natural facial scrub with soft, airy foam to gently cleanse and remove impurities while helping to remove the dead surface cells that can accumulate, especially with men's skin and issues with shaving. Smooth and luxurious while also being gentle and effective. A light and fluffy whipped sweet potato cream with enzymes to prevent ingrown hairs. Foams readily and rinses clean, taking dull dry surface cells with it, leaving your skin feeling smooth and supple with the glow of healthy radiant skin.

Retail Size: 2 oz Jar

Professional Size: 8 oz Jar

Product Directions: Apply to skin and gently massage in circular motions, avoiding eye area. Let sit for 3-10 minutes, wet & massage briefly again. Rinse thoroughly.

Product Ingredients: Organic Sweet Potato, Sodium Lauroyl Lactylate, Purified Water (and) Glycerin (Vegetable) (and) Camellia sinensis (Green Tea) Extract, Rosa rubiginosa (Rosehip Seed) Powder, Bambusa vulgaris (Bamboo) Powder, Cetyl Alcohol, Populus tremuloides (Aspen) Bark Extract, Bosa alba (White Kaolin) Clay, Stearyl Alcohol

Ingredient Highlights

Sweet Potatoes have amazing anti-aging benefits. It is rich in fiber, beta-carotene (vitamin A equivalent which fights free radicals in the body) and vitamin C, iron apart from vitamin B6, magnesium, phosphorus, potassium, sodium and zinc. It is one of the most nutritious foods available and can prevent wrinkles. The darker the potato, richer is it in its carotene content.

Green Tea has been used since the beginning of time for its over all health benefits. Now, with the push towards NutriCeuticals, we know that we can utilize the powerful anti-oxidant benefits of green tea in topical applications. Being 30 times more powerful the anti-oxidant than vitamin E it is a valuable addition to any skin or body care products along with men's product lines, especially those geared toward de-stressing or refining the skin.

Bamboo is a very precious plant. It is an exotic reed stemming from Asia, which is now cultivated all around the world for decorative purposes. The bamboo powder is prepared from tabashir bamboo. This product is very interesting for its natural richness in silica, an essential element for its remineralizing (cartilage), anti-acne, anti-wrinkles and anti-cellulite activity.

*organic, wild crafted and sustainable sources. carbon balanced.

MEN'S SKINCARE

Herbal Cooling Gel Mask

Product Description: An antioxidant filled gel packed with soothing aloe gel to address men's issues from shaving. Helps repair sun damage and reduces lines. By virtue of highly active hydrating and calming constituents, this soothing, refreshing, gentle mask imparts instant moisture. Our freshly ground medley of vanilla-scented guanabana fruit, eyebright, lemongrass and orange nourish you intuition and sooth irritation.

Retail Size: 2 oz Jar

Professional Size: 8 oz Jar

Product Diections: After cleansing, apply an even layer over face and neck and relax for 10-15 minutes. Rinse well with cool water and follow with toner and your moisturizer.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Aloe Barbadensis (Aloe Leaf) Gel*, Vegetable Glycerine*, Cucumis Sativus* (Cucumber) Fruit Extract, Passiflora Caerulea (Blue Passion Flower)*, Palmitoyl Oligopeptide, Hydroxysuccinimide, Palmitoyl Tetrapeptide-3, Palmitoyl Pentapeptide-3, Steareth-20, Polysorbate- 20, vanilla-scented guanabana fruit, eyebright, lemongrass and orange, Essential oils of Citrus paradisii (grapefruit), Mentha piperita (peppermint), Mentha spicata (spearmint).

Ingredient Highlights

Palmitoyl Oligopeptide is clinically proven to reduce wrinkle depth by increasing hyaluronic acid and collagen production. Like Palmitoyl Pentapeptide-3, Palmitoyl Oligopeptide (PO) is a synthetic protein that is a fragment of collagen combined with palmitic acid to make it more lipophilic, to improve its stability and to enhance its affinity towards human skin. As with Palmitoyl Pentapeptide-3, one could look at PO as a man-made precursor to collagen. PO was developed through research to identify a substance that would behave similarly to retinoic acid but without its drawbacks, especially in regards to synthesizing collagen.

Cucumber Extract is well known for its skin softening and soothing attributes. An effective addition to product lines geared toward skin toning and refining, as well as for men's skin, bath and body products.

N-Hydroxysuccinimide is used in cosmetics and beauty products as an ester often seen in eye creams. N-hydroxysuccinimide activates the elimination of blood originated pigments responsible for dark color and inflammation that causes under eye circles.

*organic, wild crafted and sustainable sources. carbon balanced.

MEN'S SKINCARE

Macadamia Peptide Eye Cream

Product Description: A smooth and silky eye treatment for dark circles and puffiness. Absorbs readily with no greasy after feel. Creatine, an amino acid derivative, that has been clinically proven to increase skin cell vitality, boosting collagen, elastin and keratin production. Caffeine is added to make the skin in the eye area slightly taut. Vitamin A offers unprecedented cell renewal, while Vitamin E provides antioxidant protection, These actives reach the target layers of skin via a revolutionary nanotope delivery system. Cell-Ox2 Phyto Peptide has been clinically shown to effectively reduce dark circles and puffiness in the eye area and offering increased oxygenation.

Retail Size: 2 oz Pump

Professional Size: 4 oz Pump

Product Directions: Morning and evening, pat gently under eye area with ring finger from outer to inner corner of eye. Use as directed.

Product Ingredients: Organic Aloe barbadensis (Aloe Vera) Leaf Juice, Cetearyl Alcohol, Persea americana (Avocado) Oil (and) Macadamia ternifolia (Macadamia) Nut Oil (and) Camellia sinensis Oil (and) Aelurites Moluccana (Kukui) Nut Oil (and) Ribes nigrum (Black Currant) Seed Oil (and) Rubus Idaeus (Red Raspberry) Seed Oil, Olive Squalane (and) Borago officinalis (Borage) Oil (and) D-Alpha Tocopherol, Retinyl Palmitate, (Vegetable) Glycerin, Caprylic Capric Triglycerides, Myristyl Myristate, Populus tremuloides (Aspen) Bark Extract, Sodium Stearoyl Lactylate, Glyceryl Stearate, Creatine

Ingredient Highlights

Red Raspberry Seed Oil possesses an exceptionally high proportion of alpha and gamma tocopherols (Vitamin E), vitamin A and omega-3 and omega-6 fatty acids. In a study done on the properties of Red Raspberry Seed Oil, the oil showed absorbance in the UV-B and UV-C ranges suggesting that it may be useful as a broad spectrum UV protectant in skin care formulations (Oomah et al, 2000). Red Raspberry Oil is rich in alpha linolenic acid suggesting pronounced anti-inflammatory properties, thus it may be an effective oil to use in the treatment of eczema, psoriasis and other skin conditions.

Borage oil is derived from the seeds of the borage (*Borago officinalis*) plant, which is the richest known source (20-26%) of an essential fatty acid called gamma-linolenic acid (GLA). Borage oil, evening primrose oil, and black currant seed oil all contain GLA, a fatty acid that the body converts to a hormone-like substance called prostaglandin, which has anti-inflammatory properties and may also act as a blood thinner and blood vessel dilator. Linoleic acid, a common fatty acid found in nuts and seeds and most vegetable oils (including borage oil), should theoretically convert to prostaglandin E1 (PGE1). However, many things can interfere with this conversion, including disease; the aging process; saturated fat; hydrogenated oils; blood sugar problems; and inadequate vitamin C, magnesium, zinc, and B vitamins.

D-Alpha Tocopherol--Vitamin E is a natural blend of d-alpha, d-gamma, d-delta and d-beta tocopherols. While all tocopherols offer excellent free radical protection, it is the gamma tocopherol that offers the highest anti-oxidant activity which offers a broader range of anti-oxidant protection than d-alpha tocopherol alone.

Retinyl palmitate, a form of vitamin A, is becoming an increasingly popular anti-aging ingredient as an alternative to tretinoin and retinol because it is a gentler, more mild vitamin A option. Retinyl Palmitate vitamin A treatments have demonstrated similar success when compared to retinol in rejuvenating aging skin. Although retinyl palmitate treatments are not able to be absorbed into the skin as efficiently as tretinoin, they can be used at higher concentrations without irritating the skin which makes this form of vitamin A a particularly good option for sensitive skin types.

*organic, wild crafted and sustainable sources. carbon balanced.

MEN'S SKINCARE

Sunflower Seed Hydrating Shave Cream

Product Description: A natural shaving cream that is luxurious and conditioning for a smooth, comfortable shave and healthy hydrated skin. Our Nurturing Shave Balm was developed to prep the skin and beard for a smooth, comfortable shave leaving the skin soft, smooth and moisturized. Formulated to address the irritation and inflammation associated with shaving. With: aloe to soothe the skin, allantoin and panthenol to help prevent and heal irritation, extracts of St. John's Wort, Calendula, Chamomile and Yarrow to protect and calm the skin, sunflowerseed and plant esters to condition the skin, caprylic capric triglycerides for smooth skin, the lactylates for their continuous skin hydration and moisturization and soy protein to repair the skins hydration capability.

Retail Size: 8 oz Jar

Professional Size: 16 oz Jar

Product Directions: After applying warm water to the face, add the cream. Apply your cream by massaging it in a thin, even layer. Best results when you apply an even layer using a badger bristle shave brush. The idea is to use enough cream or gel to lubricate your skin and soften your beard while helping the razor glide smoothly with minimal irritation; too much cream or gel will cause your razor to skip and clog.

Product Ingredients: Aloe barbadensis (Aloe Vera) Leaf Juice, Sodium Lauroyl Lactylate, Glycerin (and) Hypericum perforatum (St. Johns Wort) Leaf Extract (and) Anthemis nobilis (Chamomile) Flower Extract (and) Calendula officinalis Flower Extract (and) Achillea millefolium (Yarrow) Flower Unbel Extract (and) Pelargonium graveolens (Geranium) Leaf Extract, Caprylic Capric Triglycerides, Myristyl Myristate, Cetyl Alcohol, Panthenol (Pro Vitamin B5), Sodium Stearoyl Lactylate, Hydrolyzed Soy Protein, Gluconolactone, Sunflowerseedamidopropyl Ethyldimonium, Stearyl Alcohol, Allantoin, Sodium Benzoate, Essential oils of: Citrus bergamia (bergamot) fcf, Leptospermum scoparium (manuka), Citrus paradisi (grapefruit), Vanilla planifolia, Melaleuca alternifolia (tea tree), Boswellia carteri (frankincense), Pelargonium graveolens (geranium), Cymbopogon martinii (patchouli), Aniba roseodora (rosewood), Rosa rubiginosa (rosehip) seed co2, Commiphora Myrrhha (myrrh), Cananga odorata var. Ingredient Highlights

St. Johns Wort is a botanical extract known to be high in healing and soothing compounds along with anti-inflammatory and anti-microbial properties. Recognized as one of the best after sun products available for soothing the irritation of too much sun as well as being healing to the resultant red, damaged and irritated skin.

Chamomile Roman has a fresh floral fragrance very similar to the actual flowering plant. It is one of the most gentle of all the hydrosols. So gentle that it is one of only three hydrosols that Aromatherapists will recommend for use on the eyes.

Achillea Millefolium Extract, also called Yarrow Extract, is an extract of the whole plant. It is a clear, brown-green liquid with a faint herbal odor. Achillea Millefolium Extract is used in bath, body and hand, hair, and skin cleansing products, as well as deodorants. Achillea Millefolium Extract is added to a product to enhance the appearance of dry or damaged skin by reducing flaking and restoring suppleness. Achillea Millefolium Extract is an extract of the whole plant of the yarrow, Achillea millefolium. Yarrow Extract is used as an herbal remedy by many cultures to promote healing of wounds and cuts.

Geranium Egyptian essential oil is one of the most commonly used essential oils. It is well known for its ability to tone the skin, and revitalize the complexion. There are a variety of Geranium essential oils: the Egyptian which is sweeter in fragrance and the Bourbon (from Reunion) which is a much greener fragrance. Geranium Egyptian essential oil has a sweet, green, fragrance that is deep and long lasting. Like Ylang Ylang It can help restore balance to combination skin types while revitalizing mature skin. In Aromatherapy Geranium is well known for its positive, calming, effect on the central nervous system where it can help to restore balance to an over stressed system and trigger the healing side. Some swear by it for headaches.
